ANNUAL REPORT 2021-2022

“

All Pidilitians have dealt with yet another challenging year in an effective manner. It has been heartening to see so many members of our Pidilite Parivaar go beyond their call of duty and show great sense of ownership, compassion and courage. Their actions reflect the true Spirit of Pidilite.

This year's Report celebrates this very spirit with stories which represent our values, culture and ways of working.

WHAT DRIVES US

FRESH & ORIGINAL THINKING

Fresh & original thinking is the basis on which we have taken large number of initiatives since our inception. This has enabled us to pioneer product categories and business segments.

After establishing market leadership in India, Manab Ghosh was determined to take Fevicol to new shores.

After a lot of market research, he zeroed in on Bangladesh. Bangladesh at the time already had a strong penetration of low-cost imported and local white glues. Manab knew that to get any foothold in this market, he will have to start from the ground-up. He started by speaking to carpenters who were using white glue. He learnt that low-cost white glues available in Bangladesh were of average or below average quality.

However if anything went wrong with the final product, it was pinned on the carpenters and never on the glue.

Manab quickly understood that this was a market of undervalued carpenters and inferior products and that there was a huge potential for a premium product like Fevicol to capture significant market share. While Fevicol was twice as expensive as imported as well as locally available white glues, Manab was confident that it would find a healthy demand and he persisted with his plan to introduce Fevicol in Bangladesh.

With the combined strength of Manab's persistence and the quality of Fevicol, a market that subsisted on economy products transformed to welcome a premium product - at a higher price point. Fevicol's superior performance helped carpenters deliver high-quality end products. As a result, the carpenters also gained a lot of trust and respect among their customers. Bangladesh now has a community of carpenters across generations who are loyal to brand Fevicol and feel like they are an important part of the brand's journey.

WHAT KEEPS US MOVING

'CAN DO' & 'WILL DO' ATTITUDE

A person equipped with 'can do' and 'will do' attitude is the right person to take up any difficult challenge to achieve objectives.

Our Kala Amb factory was staring at a problem that had the potential to spiral into a big issue in a short time.

The factory's Sewage Treatment Plant (STP) and the Effluent Treatment Plant (ETP) were finding it challenging to achieve the benchmarks set by the government authorities. The deadline for compliance was close and the time was at a premium.

Sitar Mohammad realised that the problem needed a long-term and a well thought-through solution. While looking for

potential solutions for the issue, he came across an Environmental Technology course at IIT Kharagpur. Without losing any time, Sitar and his team member Bupinder Singh Saini enrolled themselves for it. With the knowledge they gained, they were able to find a solution and implement it quickly to address the potential challenge. Fully compliant, our Kala Amb factory is now an example for other factories in the vicinity. Sitar's story is a great testimony to the spirit of 'can do, will do' that continues to inspire many.

WHAT GROUNDS US

EMPATHY

Empathy for all our stakeholders plays an important role in our culture. Stakeholders include our employees, shareholders, customers, users, dealers, etc. Empathy leads us to experience same feelings as experienced by our stakeholders.

In March 2020, the entire nation was locked down in the wake of the Covid-19 pandemic.

Some colleagues were stuck miles away from their families and some were not able to get medical help for their elderly parents. For our colleagues in West Bengal, hardships were doubled by cyclone Amphan that hit around the same time. Amidst this distressing scenario, one of our employees Ikramul Hasan showed exemplary selflessness and compassion. With the support of Pidilite, Hasan Da as he is fondly known, tapped into his contacts with the local governing bodies and

the police to mobilize resources and help his colleagues.

He sought the support of local people and managed to deliver medicines to colleagues who needed them. He liaised with the Mayor's office in Kolkata to seek permission for one of our dealer's family, who was stuck in Uttarakhand for over a month, to travel back to Kolkata. As an aftermath of Amphan, the communication was disrupted and the team was not able to establish any connect with one of our colleague Mihir, who lived in the remote area of Sundarbans.

Hassan da reached out to the South Bengal DC for help, who in turn worked with the local police station to trace Mihir's house and ensure his well-being.

Hassan da did not leave any stone unturned to help his colleagues, all this while taking care of his own mother who was unwell at that time. His team members in West Bengal say, "Navigating this challenging time without Hasan Da would have been impossible".

WHAT KEEPS US CONNECTED

CLOSE CONNECT WITH USERS

Close connect with users goes much beyond selling them our products and services. We not only coach them on how to do well in their business but also care about their well-being.

Rakesh had done very well in his class 12th and his family was happy and excited about the possibilities that lay ahead for their son. After all, Rakesh was the first in their family who was going to receive higher education.

There was one problem though. His father Mr. Singh and his mother were both not well educated and didn't have the wherewithal to guide Rakesh well about his career. Like Mr. Singh, this was a concern echoed by many contractors

enrolled with the Fevicol Champion's Club (FCC) - our flagship outreach and training programme for carpenters and contractors.

Responding to this need and going beyond its original mandate, FCC held free career counselling sessions for the children of contractors. As one contractor put it, "It is amazing to see a product company care for the future of my child. They really live up to their promise of building bonds. Today I am bonded with Fevicol for life!"

The FCC has always believed in helping its members and the community at large. A few years back, Vijay, an FCC member in Jaipur, passed away after suffering a massive heart attack. Post his demise, his family faced financial challenges which made it difficult for his daughter, Sujata, to carry on with her school education. After getting to know this, all the FCC clubs in Jaipur came together to provide financial aid to help her finish her school education.

MARKETING INITIATIVES

The year 2021-22 was another year of campaigns that forged deep emotional connect with consumers and end-users, while continuing to build new segments and categories. We launched new campaigns for Fevikiwik and Fevistik and did an engaging association with 83 - The Movie. We also took the Dr. Fixit campaign that was launched in two states last year, nationwide. Our digital marketing initiatives in form of social media posts and videos tapped into topical trends in a fun and quirky manner and helped build brand love. Pidilite bagged 30+ advertising & marketing awards during the year including yet another EFFIE Gold for Fevikiwik's "Phenko Nahi Jodo" campaign and a Kyoorius Blue Elephant for Fevicol's social distancing campaign.

ADVERTISING CAMPAIGNS

The **Dr. FIXIT RANG ROGAN** television campaign featuring Mr. Amitabh Bachchan and highlighting the advantages of Dr. Fixit Roofseal Topcoat over ordinary paints, that was launched in two states last year, was aired nationally.

FEVISTIK launched a new campaign “Dil se chipkaoge to dimag mein chipkega” to build an emotional connect with its

consumers. With fun activations and a new product pack, the campaign encouraged kids to “Learn by Doing”.

FEVIKWIK launched a social media campaign to celebrate clumsy people who often unintentionally break things by calling them ‘Fevikwik stars’. People shared thousands of stories about the Fevikwik stars in their lives.

FEVICOL associated with one of the biggest Indian movies of the year - ‘83 – THE MOVIE’ to reinforce brand leadership.

SOCIAL MEDIA HIGHLIGHTS

FEVICOL, with its uniquely humorous take on trends and topics, is now one of the buzziest brands on social media.

This year, the brand's social media posts on an event involving a major cola brand and a star footballer went viral with customers appreciating the brand's smart take on the incident, that reinforced the brand promise of "mazboot jod".

FEVIKWIK also delighted people on social media through its funny and quirky take on various events and occasions.

NEW INITIATIVES

A new brand identity – Dr. Cipy

CIPY Polyurethanes Pvt. Ltd, a floor coating company was acquired in 2018. In 2021, the Company, rebranded CIPY Polyurethanes as Dr. Cipy giving it a distinct Pidilite brand identity while retaining the core and expertise of its founder Dr. Subash Cipy.

ARTshaala

Fevicryl Artshaala Masterclass

The Masterclasses provided the Fevicryl community a platform to learn from the best in the field of traditional art and craft, every month.

one PIDILITE

One Pidilite

The Company launched the first ever 'One Pidilite Store' – an experience centre to assist and educate customers about Pidilite's solutions that can make the entire process of construction seamless and hassle free for them.

The Company also promoted 'One Pidilite' through a smart digital marketing campaign using quirky and interesting creatives to communicate the concept of "One Point Expert Connect" to the users.

INTERNATIONAL MARKETS EXPANSION

Pidilite East Africa Limited, a JV between Pidilite International Pte. Ltd. and Crown Classic, launched a range of modern tile-adhesives, grouts and waterproofing products under the Dr. Fixit brand in Kenya, Uganda and Rwanda.

Pidilite took **Araldite** (a range of epoxy adhesives it acquired in November 2020) to its key international markets in SAARC - Bangladesh, Nepal & Sri Lanka.

AWARDS & ACCOLADES

The year 2021-22 was a rewarding year for Pidilite as many of its brands won multiple awards across various categories.

At the **Kyoorius Awards**, Pidilite bagged six awards!

WHAT KEEPS US MOTIVATED

ACTING LIKE AN OWNER

Our employees have a strong sense of belonging which motivates them to go beyond the call of duty and exhibit a high degree of ownership.

It was 10 am and just half the staff had shown up at our Paria factory. Covid was taking its toll. Many of our supervisors and staff were either ill or were looking after family members who had contracted Covid-19. The absence of so many key employees posed a significant challenge to business continuity. But it was a challenge that we were well prepared for.

Anticipating Covid-led disruptions, Paria had upskilled the engineers to understand and execute processes in all areas of production. The engineers

were also happy to expand their skill-sets and learn new processes to support business continuity. So, even when half the engineers at Paria couldn't show up, the rest of them were efficiently able to execute not just their tasks but those of their sick colleagues as well. They worked tirelessly for 10 days and ensured no targets were missed, while their colleagues recovered.

As a result, the factory ran without any down-time even with half the strength.

Overseas subsidiaries figures are at constant currency.

*Sales and EBITDA for Pidilite Adhesives Pvt. Ltd. for FY 2020-21 are from 4th November, 2020 to 31st March, 2021 and therefore not comparable with FY 2021-22.

Domestic Subsidiaries in Consumer and Bazaar segment registered good sales growth and healthy margins. The Subsidiaries sales growth in Business to Business segment showed signs of revival but EBITDA remained under pressure due to higher input costs.

Pidilite Bangladesh reported strong volume-led growth across categories with healthy EBITDA margin on back of improved gross margin due to pricing actions and cost control measures.

Pidilite Lanka continued with its sales growth momentum in a very challenging economic environment. However, the profitability was significantly impacted due to socioeconomic and political crisis and steep currency devaluation.

Pidilite USA posted sales and EBITDA decline primarily due to moderation of demand in hobby and craft products in the post pandemic period as well as material cost increases.

Pidilite Brazil recorded lower sales mainly on account of overall economic slowdown and higher growth in the prior year due to fiscal stimulus. Operating profits remain low due to significant input cost inflation and competitive pricing pressure.

Our subsidiary in the Middle East reported healthy

sales performance on account of good demand from re-export market.

WHAT INSPIRES US

COMMITMENT TO COMMUNITY

We have to be sensitive to the needs of the community with an obligation to do our best to address those needs.

There are approximately 174 Government schools in Mahuva (Taluka) where students study up to Standard 8th. Some years ago through internal assessment we discovered that about 40% of students passing 8th Standard were unable to properly count, read or write. This was a shocking revelation and we decided to make all efforts to remedy the situation.

Led by Dr. P. K. Shukla, our team installed TV monitors in 165 schools along with a software

that makes learning more fun and helps students in conceptual understanding of various chapters and subjects. It also had the impact of increasing attendance of students in school. In addition, we started remedial courses in the evening for those students who were falling behind in some subjects. These efforts have resulted in significant improvement in the level of education of students, in all these government schools.

SOCIAL & COMMUNITY SERVICE INITIATIVES

Farmer training for cultivation of fruit and vegetable crops

Farmers obtaining good-quality onion harvest as a result of training and recommendation provided by field officers

The Company is committed to sustainable development through economic, social and environmental betterment, to improve the quality of life of the local communities and their wellbeing.

The Company over years, has been engaging in various social and community initiatives towards agriculture, animal husbandry, health, education, woman empowerment and water conservation etc.

These initiatives undertaken directly by the Company and through various organisations, are spread across the states of Gujarat, Maharashtra, Himachal Pradesh and Rajasthan.

Agriculture & Horticulture

The Company has been continuously supporting horticulture and agriculture through collaboration with experts and institutions.

During the year, the Company has assisted in the formation of 35 new Farmer Clubs (covering additional 1,400 farmers) for relevant crops including Cotton, Groundnut, Onion etc. As of now there are over 615 Farmer Clubs, covering over 16,400 farmers. Data of the farmers has been geotagged with area mapping on a digital portal, thereby, helping adoption of best practices viz soil management, intercropping, drip irrigation, etc.

which has enabled us to provide specific recommendations to the farmers about increasing the yield and reduction in the cost of cultivation. About 65% farmers actively used these recommendations and benefited through 10% decrease in cost of cultivation for cotton and groundnut crops.

In the area of fruit and vegetable farming, the Company has taken initiative to develop 36 one-acre wadis along with shade nets to replicate vegetable and fruit crops. 24 wadis are in developing stage, which will be demonstrated on the farmers' own lands. The average

additional income earned by farmers through this intervention is ₹ 1.10 Lacs. It was observed that onion crops were having large amounts of chemical residue, which were also affecting the export. The Company collaborated with APMC Mahuva to address this issue. Customised Bio-Input kits have been made accessible for the farmers at a low cost. Till date, 500 farmers have already started the application of the same to improve crop quality.

Various low-cost technologies are being introduced at farmers' fields to reduce drudgery and save farmers time and cost.

Farmer Producer Organisation (FPO)

The Company has continued its support to the Farmer Producer Organisation (FPO).

The FPO has now more than 1,000 farmer members and over 3,000 farmers have availed of the services from FPO and purchased good quality inputs at subsidised rates. The total turnover of the FPO stood at ₹ 8.38 crores for the year 2021-22 from ₹ 3.70 crores in 2020-21. Till date, major part of margins has been passed on to the farmers.

The FPO has continued to support marginal farmers by providing agricultural equipment at nominal rental rates in

collaboration with the Government of Gujarat through its Custom Hiring Centre in Mota, Khutavada village which also supports adjoining villages. Over 250 farmers have received the benefit.

The FPO has continued the collective procurement of groundnuts from farmers' doorsteps so that farmers get better and assured returns. The FPO has been awarded the Chana Minimum Support Price procurement by Government/ Agricultural Produce Market Committee, Mahuva. Till date 713 MT of Chana from framers has been procured.

Our FPO's CEO explaining to farmers about inputs that gets the best results

Provision of seeds and fertilisers at our cluster offices for farmers

Centre for Agriculture-Horticulture Development at Gram Daxina Murti, Manar

The Company has continued to provide farmers the latest recommended cultivation practices (already available with universities, Government, etc.) to boost sustainable agriculture and horticulture growth along with value addition of their produce, through the Centre at Manar.

The Centre has successfully demonstrated the process of agriculture, horticulture of aromatic fruit and medicinal crops. Farmers from 45 adjoining villages have visited the Centre to learn the best practices and for extension of Agri knowledge and technology. The Centre has trained over 7,900 farmers since inception and over 5,300 farmers in the year 2021-22.

The Centre has started focusing on value added products like aromatic and medicinal crops with farmers, which will yield them higher income as well as an alternative crops for value addition. These crops can also be grown as intercrop along with traditional cropping. Centre has procured grass from farmers and extracted more than 350 litres of high-value oil of citronella, palmarosa and lemongrass.

At the Centre, low-cost technologies and modern methods of farming are demonstrated for farmers. Along with this, the Centre has developed a hydroponics unit, Zero Gravity Israeli technology, Mushroom (Oyster) cultivation and Thailand Kitchen Garden.

Celebration of achievements of SHG women on International Women's Day

Initiatives for Women

During 2021-22, the Company helped to form, nurture, and develop 68 new Self-Help Groups (SHGs) - Mahila Mandals in Bhavnagar, Talaja and Amreli districts, Gujarat. More than 580 additional women became members of these SHGs. With this, the total number of SHGs reached 638 with a strength of more than 6900 women members. These SHGs serve as a platform for women to gain financial freedom, as an option to have a source of credit that can be a stimulus for their income generation activity, and as a buffer to absorb various household financial crises.

To make all these SHGs self-sustainable the Company helped create one cluster federations of 35 village organisation.

A Training and Quality Assessment Centre has been developed in Kalsar, which focuses on expanding technical, managerial and financial skills to operate a business for women. With more than 200 SHGs (600 women), 117 such trainings were conducted, which have further translated into various mini businesses that help these women earn dignified livelihoods.

Cumulatively, SHGs now run and manage 6 units of khakhra and other units for different products such as sanitiser, sanitary pad, wooden toys, aloe vera, pickle, masala, bakery, bio phenyl, jute and cloth bags, soft toys, bio-pesticide, seaweed

value-added products, and banana fibre value-added processing units. One SHG unit has received a license from the Government of Gujarat, Food and Drugs Control Administration for manufacturing and selling cosmetic products, which will provide them with a new line of business with better range of products, to increase their sales and earnings.

To support the mini businesses with logistics and sales, a fully functional warehouse has been operational in Mahuva. The warehouse takes care of receiving orders, delivery to respective vendors, inventory management and other important

activities and a cumulative of 20 SHGs have been benefitted till date.

A massive event with participation of more than 900 women was hosted on 9th March, 2022, to celebrate the occasion of International Women's Day, in adherence with Covid guidelines, by the Government, where Collector Shri. Yogesh Babanrao Nirgude (IAS) and DDO Hon'ble Dr. Prashant Jilova (IAS) of Bhavnagar felicitated 43 SHG women for their achievements, mostly related to entrepreneurship.

Water Resource Management

The Company has continued its support towards water management activities (check dams, ponds, etc.) with Narmada, Water Resources, Water Supply, and Kalpsar Department of Government of Gujarat, under the PPP model. In 2021–2022, 66 check dams, deepening of 25 ponds and 82 farm ponds were completed.

Cumulatively, over years, 213 check dams, deepening of 101 ponds and 690 farm ponds have been completed till date with the assistance of the Company.

The Company has also initiated the development of 66 water structures (51 check dams and 15 ponds) for the coming year, and further water structures are under discussion with the Government for the next year.

The Company has continued its support towards five watershed centres in Bhavnagar and Amreli districts to accomplish the task of creation of watershed structures.

During the year, 129 hectares of additional farmland were converted into micro irrigation and more than 285 additional wells spanning over 40 villages were recharged, for improving the quality of groundwater.

Cumulatively, over years, it has translated into 4,129 hectares of micro irrigation on farmland and 1,402 well recharges in 100 villages.

In order to address the problem of water scarcity, a low-cost water structure has been developed, which can be replicated by Panchayats and farmers for water conservation.

With all such initiatives, in 2021–22, the Company has helped to conserve 290.7 million ltrs. of water in the state of Gujarat. When this conservation is considered as against Company's consumption of water in manufacturing operations located in the state, the Company is net positive in water.

Tree Plantation

The Company has collaborated with the Gujarat State Forest Department and initiated a massive plantation drive with the help of the community.

A total of 2.20 lac trees were planted in the year 2021–22 through mobilisation of Farmer Clubs, schools and SHG women, whereas cumulatively 4.80 lac trees have been planted to increase green cover.

The Company has also collaborated with The Mahatma Gandhi National Rural Employment Guarantee Act, 2005 and Jilla Panchayat for mass plantation where four patches of land in villages have been covered to create green cover.

Sanitation

The Company supported the building of 1,293 new toilets (taking the total to over 16,993 till date) in Mahuva taluka. It has continued to work closely with the Government and provides support to the households to achieve the vision of open defecation-free status for the villages of Mahuva taluka.

With the relentless efforts of the Company in collaboration with the Government, the complete district of Bhavnagar has been declared Open Defecation-Free by the Government.

Education

The Company has collaborated with the Primary and Secondary Education Department of Gujarat, for the digitisation of 40,000 primary schools.

Due to pandemic, till December 2021, most of the education initiatives were impacted, especially WaGaLe (Wanchan-Ganan-Lekhan), digitisation and pre-primary education.

An initiative called 'Chalo School Firse Pukare' was implemented in mission mode to motivate students to return to school, once normalcy returned.

The students were welcomed by dignitaries, teachers and staff of the school. Gifts like masks and pens were given so they had a feel-good factor on the first day itself.

Things have started normalising since January 2022, hence, the WaGaLe initiative has also restarted in 80 schools of Mahuva taluka for improvement of foundational learning skills, i.e. basic reading, writing and math in regional language. During lockdown, 50 online sessions for WaGaLe were implemented with participation of more than 700 children.

The Company has continued its collaboration with Navneet for digitisation of 155 secondary schools in Mahuva, of which 55 school's curriculum have already been digitised.

Implementation of 'Chalo School Firse Pukare' mission

The pre-primary education initiative has also been restarted with 20 Aanganwadis where Giju bhai methodology is being implemented. The major emphasis is on teaching young children (ages 3–5) using concepts of DIY, songs, games and other interactive methods that are more effective in sparking curiosity among children.

The school painting initiative has been extended to Jesar taluka, after seeing the success of the same in Mahuva taluka.

16 schools have been painted in Mahuva and Jesar talukas for the current year and cumulatively 149 schools have been painted.

The Company has signed an MoU with Bhavnagar Jilla Panchayat for the construction of 5 primary schools.

The Company has signed an MoU for the construction of an Ashramshala (residential school) in Kaprada taluka of Valsad district to provide access to quality education for needy and underprivileged students.

Garba Raas competition organised by Parekh College to promote cultural art forms of Gujarat

The Company has continued its support to 6 schools of Shri Triveni Kalyan Education Trust (TKET) and the girl students from these schools supported by Company came out to be high achievers. Till date, 8 students have been selected as police officers, 4 students cleared the entrance for becoming doctors, 17 students joined the Indian Army, 8 students joined the Navy, 3 students were selected in other Government jobs, 4 students became Police Sub-inspector and 10 girls entered the nursing profession.

The Company has continued its support to Parekh College where Arts, Commerce, Science, BBA and Computer Science courses are operational.

Last year, approximately 3,600 students availed education through Parekh College for various courses.

The Company has continued its support to Shri N N Mehta Memorial Education Trust, providing scholarships amounting to ₹ 40 lacs to 229 deserving students for higher education, in 2021-22.

The Company has continued its support to Shri BKP Science City (a modern science museum) in Bhavnagar city to ensure the development of analytical learning. Preparation of the students for various scholarship programmes and national Olympiad competitions has also been undertaken.

Sri BKP Science City has collaborated with Augustya Foundation, to upgrade its pedagogy and infrastructure to provide the best learning experience for students.

Three buses have been provided respectively to TKET Schools, Nursing College and Science City, so that students from far-off locations can commute easily.

Health Initiatives

Vaccination drive at doorsteps of farmers and SHG women

The Company has continued its support to Hanumant Hospital, which was the first hospital in Bhavnagar that started Covid treatment at the taluka level. More than 19,170 patients (9,172 new patients) were screened for Covid symptoms, and 1,723 critical Covid patients (737 new patients) have been treated. 5,700 beneficiaries have been vaccinated through Hanumant Hospital and other centres.

A special facility with 10 ventilators, oxygen concentrators, BiPAP monitors and other important infrastructure was created. Along with this, an oxygen plant with a 0.5-tonne capacity has been commissioned to ensure a continuous supply of oxygen.

Two more oxygen plants of 1 tonne capacity have been commissioned, one in Mahad and another in Vapi, to ensure that patients get a continuous supply of oxygen.

During the year, Hanumant Hospital in Mahuva treated over 45,400 outpatients, over 10,100 indoor patients,

performed over 2,500 surgeries and successfully handled over 4,200 emergency cases. 13 speciality medical camps were conducted (inhouse as well as in surrounding villages) under the Doctor Connect programme. The hospital is enrolled under the Ayushyaman Bharat scheme of the Government and provided cashless treatment to 623 beneficiaries this year.

Hanumant Hospital is the only hospital in Bhavnagar district having an enrolment of the Mukhyamantri Amrutum (MA) Yojana under the urology cluster. A total of 5,459 patients have received cashless dialysis service under this scheme.

177 free cataract surgeries with intraocular lenses (IOL) were conducted at Hanumant Hospital in collaboration with Vision Foundation, Mumbai.

The hospital is running three schemes, namely Chitrakutdham Arogya Scheme, Jaswant Mehta Arogya Scheme and Arogya Sanjivani Scheme, which have provided free treatment to 3,405 beneficiaries. The hospital has an Arogya Fund Scheme to coordinate treatments of the economically backward class of patients through donors. This year, 6,146 patients were provided help, amounting to ₹ 39.20 lacs.

Skill Initiatives

The Company has continued its collaboration with the Directorate of Employment and Training (under the Labour and Employment Department), Government of Gujarat, for the eighth year, to strengthen the skill eco-system in the State. During the current year, a total of 17,551 trainees from 186 ITIs were benefitted through online classes for carpentry, plumbing, electrician and construction technician courses. Moreover, in Rajasthan, the Company is supporting 4 ITIs for running plumbing and carpentry courses.

Under the PPP (Public-Private Partnership) scheme of the Government of Gujarat, the Company has been the industry partner in 9 ITIs, where efforts are focused on strengthening training delivery, both in scale and quality.

The Company has continued its support as an industry partner in Gujarat for the World Skill Competition 2022 in Carpentry, Joinery and Plumbing and Heating trades. Two of our sponsored students won State as well as Regional Skills competitions and were felicitated by the Hon'ble Chief Minister of Gujarat.

Solar Khadi Initiative

The Company continued its association with Mahuva Khadi Bhandar. Solar charkha and solar looms are more efficient compared to the manual amber charkha and handloom in terms of productivity.

The initiative focuses on addressing the need for modernisation, spinning, weaving, dyeing and value addition along with training and testing to make the khadi-weaving process profitable for the community. The training of 200 women for operating these solar charkhas and looms is under process.

MoU signing in the presence of Hon'ble Principal Secretary Higher and Technical Education, Smt. Swachhta Initiative

The Company has continued its collaboration with the Swachh Bharat Mission (Urban), Government of Gujarat and Mahuva Nagarpalika for the cleanliness drive.

The Company recently signed a tri-party MoU with the Regional Commissionerate of Municipalities of Bhavnagar and Mahuva Nagarpalika to set up a Material Recovery Facility at Mahuva for waste segregation, processing and recycling.

The Company has also roped in an expert agency for segregation at source, removal, collection and recycling of both organic and plastic waste into value-added products. Organic/biodegradable waste will be made into compost. Necessary support in terms of infrastructure, machinery and equipment is to be provided by the Company.

The Company has also extended the drive to villages of Mahuva taluka in a phased manner. To ensure community involvement, SHG women have been roped in for the collection of plastic waste along with the involvement of Panchayats.

The total waste segregated in the last one year is 269 MTs, from which compost was prepared and provided to farmers; value addition of plastic waste has also been undertaken. To facilitate this process, 3 Plastic Collection Centres (PCCs) have been established in Mahuva city. These centres are responsible for purchasing scrap materials from ragpickers. A total of 5,863.9 kg waste has been collected and 2,469.8 kgs was sold to recyclers for value addition.

B K Parekh Parkinson's Disease & Movement Disorder Society (BKPPDMDS)

The Company continues to support the rehabilitation of people with Parkinson's disease and their caregivers with the aim of improving the quality of life of such persons.

BKPPDMDS is functioning in 9 centres across the state of Gujarat and 2 centres in Pune, Maharashtra. Due to Covid, these Centres have shifted to an online platform through which they have continued offering various activities such as Parkinson's information, physiotherapy, speech therapy, occupational therapy, psychological services, diet and nutrition, creative therapies, yoga, neurologist and other expert doctors' webinars on various subjects and specialised programmes for caregivers.

Natural Disaster & Relief Initiative

Tauktae Cyclone hit the coasts of Gujarat on 17th and 18th May 2021 and wreaked havoc on the Company's major working areas, causing damage to people, infrastructure and plantations. The Company supported disaster relief efforts by restoring a large amount of infrastructure, plantation as well as relief work to the needy.

SECRETARIAL AUDIT REPORT FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2022

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
 The Members,
 Pidilite Industries Limited,
 Regent Chambers, 7th Floor,
 208, Nariman Point,
 Mumbai-400 021.

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Pidilite Industries Limited (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has during the audit period covering the financial year ended on 31st March, 2022 (Audit Period) complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2022 according to the provisions of:

- (i) The Companies Act, 2013 ('the Act') and the rules made thereunder;

BUSINESS RESPONSIBILITY REPORT

Introduction

Inclusive and sustained growth has been a fundamental element of Pidilite's strategy. In today's changing business dynamics, the long-term sustainability of an organisation depends on its ability to meet evolving stakeholders' expectations and create value. Stakeholders are more aware than ever and expect businesses to operate in a fair and equitable manner.

Over the years, the Company has made progressive advancement across all three dimensions of sustainability. On the economic front, through an appropriate product mix and a good understanding of customer requirements, the Company has been consistently growing its market presence, revenues and profitability following the guiding principles of Business Responsibility (BR) Policies and all applicable laws and regulations. On the environment front, initiatives are focused towards resource optimisation, reduction of waste, energy and emissions across operations. Across the social dimension, the Company undertakes CSR initiatives, under various thematic areas such as education, healthcare, agriculture and horticulture, milk and animal health, women empowerment and rural development for local communities to name a few. In order to further enhance its sustainability performance, the Company endeavours to improve practices across its operations.

The Company has initiated efforts towards development of a sustainability roadmap. This will drive integration of sustainability considerations into core business systems and decision-making. The Company has published its third sustainability report in accordance with GRI Standards for Financial Year 2020-21 on its website <https://www.pidilite.com/sustainability/>.

(3) **Governance related to BR**

Business Responsibility performance is reviewed, at-least annually, by the Board. The BR Report is part of Annual Report and is published annually. The Annual Report is available on the Company's website www.pidilite.com.

E] **PRINCIPLE-WISE PERFORMANCE**

Principle 1: Businesses should conduct and govern themselves with ethics, transparency and accountability:

The Company is committed to adhere to the highest standards of ethical, moral and legal conduct of business operations both for internal and external stakeholders. The Company, in order to maintain these standards has adopted the 'Code of Conduct', which lays down the principles and standards that should govern the actions of the employees in the course of conduct of business of the Company. Any actual or potential violation of the Code, howsoever insignificant or perceived as such, would be a matter of serious concern for the Company. There is a Code for each of our subsidiaries in line with the local requirements prevailing in the country of operation.

The Company has a 'Whistle Blower policy' which covers serious concerns that could have impact on the operations and performance of the Company.

There were no complaints from shareholders pending at the beginning of the year. The Company received 14 complaints from shareholders during the year which were resolved expeditiously. There were no pending complaints at the end of the year.

Principle 2: Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle:

The products developed and provided in market are safe for use and meet the standards as per applicable statutory requirements. The products exported internationally are in compliance with applicable regulations of the relevant countries.

Some of the products offered by us contribute to sustainability such as: -

- a. Waterproofing products which save structures from deterioration and improve the overall life of such structures.
- b. Products for walls and roofs which improve thermal insulation and save energy.
- c. High quality adhesives for making furniture, footwear, etc. which prolong the life of such products.
- d. Repair and maintenance products which allows such articles to be repaired and reused rather than being thrown away.

In addition to the above, the Company has mechanisms in place to recycle the following wastes:

1. Waste generated out of packaging plastic is recycled through authorized recyclers.
2. Ash generated from boilers is recycled.
3. Most spent solvents are redistilled and recycled.
4. Hazardous waste is co-processed and used as a fuel in the cement industry, wherever permitted by regulations.
5. Through authorised recyclers of Multi Layered Plastic (MLP) packing material used for our products, we recycled / co-processed 100% of such MLP packing material.

Principle 3: Businesses should promote the well being of all employees:

The Company is focused towards building progressive and best-in-class people policies on work life balance, career progression, development and employee engagement. The Company's "Happy and Healthy" (HAH) movement saw great participation with over 73% of the employees engaging in HAH activities.

As on 31st March 2022, the total number of permanent employees on the payroll of the Company was 7,622 and the total number of employees hired on temporary /contractual/casual basis was 3,130. The permanent women employees were 472 and permanent employees with disabilities were 15. There are no employee association that is recognized by the management. The details of complaints filed during the financial year are as under:

Sr. No.	Category	No. of complaints filed during the financial year	No. of complaints pending as on end of the financial year
1.	Child labour / forced labour / involuntary labour	Nil	Nil
2.	Sexual harassment	1	Nil
3.	Discriminatory employment	Nil	Nil

Safety and skill upgradation programmes are provided from time to time to the employees and over a period of time most of the employees are covered under such programmes. Employees are encouraged to participate in safety programmes and be acquainted with the safety measures.

Principle 4: Businesses should respect the interests of, and be responsive towards all stakeholders, especially those who are disadvantaged, vulnerable and marginalized:

The Company has identified its internal and external stakeholders and endeavours to maintain healthy engagement with these stakeholders which allows active participation and collaboration wherever possible.

With an objective to be responsive towards stakeholders who are disadvantaged, vulnerable or marginalized, the Company continues to build on its unique initiative 'WAGALE' (Wanchan-Ganan-Lekhan) which has helped students with lesser learning abilities through online training sessions. The Company also facilitates scholarships to the deserving and qualified students, having limited financial means for pursuing higher education. An initiative called "Chalo School Firse Pukare" was implemented in mission mode to motivate students to return to school and the students were welcomed by dignitaries, teachers and staff of the school. Gifts like masks and pens were given so they had a feel-good factor on the first day itself.

For further details please refer to Social and Community Service Initiatives report.

Principle 5: Businesses should respect and promote human rights:

The Human Resource and Human Rights Policy is applicable to all the employees of the Company and its subsidiaries, joint ventures and associate entities.

It is the Company's policy to ensure that there is no discrimination based on caste, gender, religion etc. The Company also takes care to ensure that no person below the age of 18 years is employed anywhere in the Company or in the units undertaking job work activities for the Company. It is also the Company's policy that key vendors supplying goods/services to the Company should not employ any child labour.

There have been no complaints received in the year under review, relating to any human rights issue.

Principle 6: Businesses should respect, protect and make efforts to restore the environment:

In Bhavnagar district, in cooperation with Gujarat Government, the Company has undertaken large scale watershed development work. This involves building of check dams, ponds, recharging of wells as well as desilting of existing water structures. This has resulted in recharging of ground water in several parts of the district. Additionally, regular tree plantation drives have been undertaken through farmer clubs, schools and other local organisations.

Majority of the boilers are being operated with green fuel (Biomass) in place of fossil fuels. The Company generates renewable energy through windmill and solar power units. Additional solar power units are being installed at various manufacturing unit locations.

Over 78% of our 51 units have been converted into zero discharge to external environment and over a period of time, the Company intends to convert many more units into zero discharge, as well as increase the usage of renewable sources of energy.

During the financial year 2021-22, the emissions/ waste generated by the Company were within the permissible limits prescribed by the State and Central Pollution Control Board.

Principle 7: Businesses when engaged in influencing Public and Regulatory Policy, should do so in a responsible manner:

The Company has its representation in several business and industrial association and is a member of the following trade / chamber / association:

- Federation of Indian Chambers of Commerce and Industry
- Indian Chemical Council
- Confederation of Indian Industry
- Economic Research India Pvt. Ltd.
- Bombay Chambers of Commerce and Industry

The Company, through its employees and representatives, actively participates in the deliberations at these trade/ chamber/ associations relating to environment, sustainability, trade and economic reforms etc. and making representations to the relevant regulatory bodies during the framing of legislations/ guidelines/ policies.

Principle 8: Businesses should support inclusive growth and equitable development:

The Company has been actively supporting several initiatives including self-help groups of women aimed at improving their economic standing and supporting farmers in ways to improve yield of the farm lands.

These initiatives are implemented by the Company mainly through the implementing agencies as given in the Social and Community Service Initiatives section and Annexure 1 to the Directors' Report.

Principle 9: Businesses should engage with and provide value to their customers and consumers in a responsible manner:

The Company provides all relevant information regarding a product for the user through product labelling, product literature, our website and our apps. We take great care to connect with our users and provide them information about how to use the products in a safe and effective manner.

Our sales force remains in regular touch with the customers and collects relevant feedback from them relating to their concerns, their expectations or complaints. Customer feedback or complaints received from all sources is adequately addressed in a time bound manner. As at the end of financial year, there were 11 consumer cases pending which majorly relate to perceived deficiency in waterproofing done by third party applicators.

We take care to ensure that our businesses do not indulge in any unfair trade practices or anti-competitive practices.

STANDALONE FINANCIAL STATEMENTS

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF PIDILITE INDUSTRIES LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Pidilite Industries Limited ("the Company"), which comprise the Balance Sheet as at 31st March 2022, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2022, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	Principal audit procedures performed:
<p>Impairment of Investment in certain subsidiaries (refer Note 7 of the Standalone Financial Statements)</p> <p>The standalone financial statements of the Company includes investment in two subsidiaries, located at Brazil and Middle East, aggregating ₹ 148.95 crores (as at 31st March 2022) which is measured at cost less impairment and is tested for impairment if there are any indicators of impairment. Due to material accumulated losses being incurred by these subsidiaries, the Company's management has tested these investments for impairment in accordance with Ind AS 36. For impairment testing, management determines recoverable amount, using discounted cash flow projections, which represent management's best estimate about future developments and takes into account past experience.</p> <p>Key assumptions on which management has based its determination of recoverable amount include estimated long-term growth rates, discount rate, estimated sales growth rate and estimated operating margins. Management has obtained fair value of investments from independent valuation experts for investments in the said two subsidiaries.</p> <p>We have identified this as a key audit matter as determination of recoverable amount involves significant judgements, as regards to reasonableness of assumptions involved in estimating future cash flows of these subsidiaries and in determining the discount rate to be used. Changes in these assumptions could impact the results of the impairment assessment.</p>	<p>To evaluate impairment of investment in these two subsidiaries, our procedures included:</p> <ol style="list-style-type: none"> Evaluated the design and implementation of the controls over identification of impairment indicators and review of the impairment assessment of investment in subsidiaries and tested the operating effectiveness of these controls. Validating impairment models through testing of the mathematical accuracy and verifying the application of the input assumptions. Assessed the appropriateness of the forecast cash flows within the budgeted period based on the understanding of the business. Considered historical forecasting accuracy, by comparing previously forecasted cash flows to actual results achieved. Compared the assumptions made by the management of the Company with comparable benchmarks in relation to key inputs such as long-term growth rates and discount rates with the assistance of our fair value specialists Performed sensitivity analysis on the key assumptions such as long-term growth rates and discount rates, to ascertain the extent of change in those assumptions that would be required for the investment in these subsidiaries to be impaired further.

Information Other than the Financial Statements and Auditor's Report Thereon ("other information").

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Directors' Report including Annexures to Directors' Report, Business Responsibility Report, Corporate Governance and Information for Shareholder, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.
- Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

TO THE MEMBERS OF PIDILITE INDUSTRIES LIMITED FOR THE YEAR ENDED 31ST MARCH 2022

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Pidilite Industries Limited (“the Company”) as of 31st March 2022 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2022, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

of the current period and are therefore the key audit matters. We describe these matters in our auditor’s report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

TO THE MEMBERS OF PIDILITE INDUSTRIES LIMITED FOR THE YEAR ENDED 31ST MARCH 2022

(Referred to in paragraph 2 under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

i) In respect of the Company’s Property, Plant and Equipment and Intangible Assets:

a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment, capital work-in-progress and relevant details of right-of-use assets.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(b) The Company has a program of physical verification of its property, plant and equipment, capital work-in-progress and right-of-use assets so to cover all the items once in every 3 years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain property, plant and equipment were due for verification during the year and were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.

(c) Based on our examination of the registered sale deed / transfer deed / conveyance deed provided to us, we report that, the title deeds of all the immovable properties, (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) disclosed in the financial statements included in property, plant and equipment and capital work-in progress are held in the name of the Company as at the balance sheet date.

(d) The Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) and intangible assets during the year.

(e) No proceedings have been initiated during the year or are pending against the Company as at 31st March 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

(ii) In respect of the Company’s Inventories:

(a) The inventories except for goods in transit, were physically verified during the year by the Management at reasonable intervals. In our opinion and based on information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. In respect of goods in transit, the goods have been received subsequent to the year end. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.

(b) The Company has been sanctioned working capital limits in excess of ₹ 5 crores, in aggregate, throughout the year, from banks on the basis of security of current assets. In our opinion and according to the information and explanations given to us, the quarterly returns filed by the Company with such banks are in agreement with the unaudited books of account of the Company of the respective quarters.

(iii) The Company has made investments in and provided guarantees to subsidiary companies during the year, in respect of which:

(a) The Company has provided guarantees during the year and details of which are given below:

(₹ in crores)	
Guarantees	
A. Aggregate amount provided during the year:	
- Subsidiaries	7.57
B. Balance Outstanding as at balance sheet date in respect of above cases	
- Subsidiaries	102.34

(b) The investments made and the terms and conditions of the guarantees provided during the year are, in our opinion, prima facie, not prejudicial to the Company’s interest.

(c) In respect of loans granted by the Company, the schedule of repayment of principal and payment of interest has been stipulated and the repayments of principal amounts and receipts of interest are regular as per stipulation.

(d) In respect of loans granted by the Company, there is no overdue amount remaining outstanding as at the balance sheet date.

(e) No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.

(f) The Company has not granted any loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause (iii)(f) is not applicable.

The Company has not granted any advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties.

(iv) The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments guarantees and securities provided, as applicable.

(v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable.

(vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended and prescribed by the Central Government for maintenance of cost records under sub-section (1) of Section 148 of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) In respect of statutory dues:

- (viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.
- (ix) (a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has not taken any term loan during the year and there are no unutilized term loans at the beginning of the year and hence, reporting under clause (ix)(c) of the Order is not applicable.
- (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- (e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.
- (f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries or joint ventures or associate companies and hence reporting on clause (ix)(f) of the Order is not applicable.
- (x) (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.

- (xi) (a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) We have taken into consideration the whistle blower complaints received by the Company during the year (and upto the date of this report) and provided to us, when performing our audit.
- (xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- (xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- (xiv) (a) In our opinion, the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- (xv) In our opinion, during the year the Company has not entered into any non-cash transactions with any of its directors or directors of its subsidiary company, associate company or persons connected with such directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi) (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b) and (c) of the Order is not applicable.

Notes Forming Part of The Financial Statements

1 Corporate information

Pidilite Industries Limited, together with its subsidiaries are pioneers in consumer and industrial speciality chemicals in India. The equity shares of the Company are listed on BSE Ltd (BSE) and National Stock Exchange of India Ltd (NSE).

The address of its registered office is Regent Chambers, 7th Floor, Jamnalal Bajaj Marg, 208, Nariman Point, Mumbai 400 021. The address of principal place of business is Ramkrishna Mandir Road, Off Mathuradas VasANJI Road, Andheri (E), Mumbai 400 059.

2 Significant Accounting Policies

2.1 Basis of accounting and preparation of financial statements

The standalone financial statements of the Company have been prepared in accordance with the Indian Accounting Standards ("Ind AS") prescribed under Section 133 of the Companies Act, 2013 ('Act') read with Companies (Indian Accounting Standards) Rules, 2015, as amended.

The financial statements have been prepared under the historical cost convention except for the following items :

- Certain Financial Assets / Liabilities (including derivative instruments) – at Fair value
- Employee Stock Options - at Fair value

The financial statements are presented in Indian Rupees (₹) and all values are rounded to the nearest crores, except otherwise indicated.

2.2 Business Combination

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Company, liabilities incurred by the Company to the former owners of the acquiree and the equity interest issued by the Company in exchange of control of acquiree. Acquisition-related costs are recognised in statement of profit and loss as incurred.

When the consideration transferred by the Company in a business combination includes assets or liabilities resulting from a contingent consideration arrangement, the contingent consideration is measured at its acquisition-date fair value and included as a part of the consideration transferred in a business combination. Changes in the fair value of the contingent consideration that qualify as measurement period adjustments are adjusted retrospectively, with corresponding changes against goodwill or capital reserve, as the case maybe. Measurement period adjustments are adjustments that arise from additional information obtained during the 'measurement period' (which cannot exceed one year from the acquisition date) about facts and circumstances that existed at the acquisition date. Contingent consideration that is classified as an asset or a liability is subsequently (after the measurement period) remeasured at subsequent reporting dates with the corresponding gain or loss being recognised in Statement of Profit and Loss.

In case of business combinations involving entities under common control, the above policy does not apply. Business combinations involving entities under common control are accounted for using the pooling of interests method. The net assets of the transferor entity or business are accounted at their carrying amounts on the date of the acquisition subject to necessary adjustments required to harmonise accounting policies. Retained earnings appearing in the financial statements of the transferor is aggregated with the corresponding balance appearing in the financial statements of the transferee. Identity of the reserves appearing in the financial statements of the transferor is preserved and appears in the financial statements of the transferee in the same form. Any excess or shortfall of consideration paid over share capital and reserves of transferor entity is recognised as capital reserve under equity.

2.3 Goodwill

Goodwill is measured as the excess of the sum of the consideration transferred over the net of acquisition-date amounts of the identifiable assets acquired and the liabilities assumed. Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Company's cash-generating units (or groups of cash-generating units) that is expected to benefit from the synergies of the combination. A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata based on the carrying amount of each assets in the unit. Any impairment loss for goodwill is recognised directly in Statement of Profit and Loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

2.4 Revenue Recognition

The Company recognises revenue from sale of goods, based on the terms of contract and as per the business practise; the Company determines transaction price considering the amount it expects to be entitled in exchange of transferring promised goods to the customer. Revenue is recognised when it is realized or is realizable and has been earned after the deduction of variable components such as discounts, rebates, incentives, promotional couponing and schemes. The company estimates the amount of variable components based on historical, current and forecast information available and either expected value method or most likely method, as appropriate and records a corresponding liability in other payables; the actual amounts may be different from such estimates. These differences, which have historically not been significant, are recognized as a change in management estimate in a subsequent period.

2.4.1 Sale of Goods

Revenue is recognised when control of the products being sold has been transferred to a customer and when there are no longer any unfulfilled obligations to the customer. This is generally on delivery to the customer but depending on individual customer terms, this can be at the time of dispatch, delivery or upon formal customer acceptance. This is considered the appropriate point where the performance obligations in our contracts are satisfied and the Company no longer has control over the inventory.

Advance received from customer before transfer of control of goods to the customer is recognised as contract liability.

2.4.2 Dividend, Interest income and Royalty

Dividend income from investments is recognised when the Company's right to receive dividend is established. Interest income from a financial asset is recognised on a time basis, by reference to the principal outstanding using the effective interest method provided it is probable that the economic benefits associated with the interest will flow to the Company and the amount of interest can be measured reliably. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of that financial asset.

Royalty income is recognised on an accrual basis in accordance with the substance of the relevant agreement or underlying arrangement in case of sales provided that it is probable that the economic benefits associated with the royalty shall flow to the Company and the amount of royalty can be measured reliably.

Claims / Insurance Claim etc. are accounted for when no significant uncertainties are attached to their eventual receipt.

The Company's policy for recognition of revenue (rental income) from leases is described in note 2.5.2.

2.5 Leasing

The company at the inception of a contract, assesses whether the contract is a lease or not lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a time in exchange for a consideration.

2.5.1 Company as Lessee

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset, (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term or useful life of the underlying asset. Right-of-use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cashflows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related Right-of-use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing activity under statement of cash flows.

2.5.2 Company as Lessor

Rental income from leases is recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increase, such increases are recognised in the year in which such benefits accrue.

Amounts due from lessees under finance leases are recognised as receivables at the amount of the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect constant periodic rate of return of the Company's net investment outstanding in respect of the leases.

2.6 Foreign Currencies

The functional currency of the Company is the Indian Rupee.

At the end of each reporting period, monetary items (including financial assets and liabilities) denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Gains or losses arising from these translations are recognised in the Statement of Profit and Loss.

In respect of the foreign offices / branches, which are integral foreign operations, all revenues and expenses during the month are reported at monthly average rates. Outstanding balances in respect of monetary assets and liabilities are restated at the year end exchange rates. Outstanding balances in respect of non-monetary assets and liabilities are stated at the rates prevailing on the date of the transaction. Net gain or loss on foreign currency translation are recognised in the Statement of Profit and Loss.

2.7 Share-based payment transactions of the Company

Equity-settled share-based payments to employees providing similar services are measured at the fair value of the equity instruments at the grant date.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity.

2.8 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.8.1 Current Tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using applicable tax rates that have been enacted or substantively enacted by the end of the reporting period and the provisions of the Income Tax Act, 1961 and other tax laws, as applicable.

2.8.2 Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.8.3 Current and Deferred Tax for the year

Current and deferred tax are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

2.9 Property, Plant and Equipment**2.9.1 Property, Plant and Equipment acquired separately**

Freehold land is stated at cost and not depreciated. Buildings, plant and machinery, vehicles, furniture & fixtures and office equipments are stated at cost less accumulated depreciation and accumulated impairment losses.

An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of Property, Plant and Equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in Statement of Profit and Loss.

2.9.2 Capital Work-in-Progress

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified and capitalised to the appropriate categories of Property, Plant and Equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

2.9.3 Depreciation

Depreciation is recognised so as to write off the cost of assets (other than Freehold Land and Capital Work-in-Progress) less their residual values over their useful lives, using the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

For certain items of Property, Plant and Equipment, the Company depreciates over estimated useful life which are different from the useful lives prescribed under Schedule II to the Companies Act, 2013 which is based upon technical assessment made by technical expert and management estimate. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

The estimated useful lives are as mentioned below:

Type of Asset	Useful Life
Buildings	30 - 60 years
Plant and Machinery	6 - 25 years
Vehicles	8 - 10 years
Furniture and Fixtures	10 years
Office Equipment	3 - 6 years

2.10 Intangible Assets**2.10.1 Intangible assets acquired separately**

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

2.10.2 Intangible assets acquired in a business combination

Intangible assets acquired in a business combination and recognised separately from goodwill are initially recognised at their fair value at the acquisition date (which is regarded as their cost).

Subsequent to initial recognition, intangible assets acquired in a business combination are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

2.10.3 Internally generated Intangible Assets – Research and Development Expenditure

Expenditure on research activities is recognised in Statement of Profit and Loss in the period in which it is incurred.

An internally generated intangible asset arising from development is recognised if and only if it meets the recognition criteria of intangible assets. The amount initially recognised is the sum total of expenditure incurred from the date when the intangible asset first meets the recognition criteria. Where no intangible asset can be recognised, development expenditure is recognised in Statement of Profit and Loss in the period in which it is incurred.

Subsequent to initial recognition, internally generated intangible assets are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets acquired separately.

2.10.4 Useful lives of Intangible Assets

Estimated useful lives of the Intangible Assets are as follows:

Type of Asset	Useful Life
Computer Software	6 years
Technical Knowhow	10 years
Non-Compete Fees	7 - 10 years
Copyrights	Indefinite Life
Trademark	Indefinite Life

2.11 Impairment of Tangible and Intangible Assets other than Goodwill

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired. Intangible assets with indefinite useful lives are tested for impairment annually at the cash-generating unit level. The assessment of indefinite useful life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Recoverable amount is the higher of fair value less costs of disposal and value in use. If the recoverable amount of the asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised in Statement of Profit and Loss.

2.12 Inventories

Inventories are valued at lower of cost and net realisable value. Cost of inventories is determined on weighted average. Cost for this purpose includes cost of direct materials, direct labour, excise duty and appropriate share of overheads. Net realisable value represents the estimated selling price in the ordinary course of business less all estimated costs of completion and estimated costs necessary to make the sale.

Obsolete, defective, unserviceable and slow / non-moving stocks are duly provided for and valued at net realisable value.

2.13 Provisions (other than Employee Benefits)

A provision is recognised when as a result of past event, the Company has a present legal or constructive obligation which can be reliably estimated and it is probable that an outflow of economic benefit will be required to settle the obligation.

Provisions (excluding retirement benefits) are determined based on the best estimate required to settle the obligation at the balance sheet date, taking into account the risks and uncertainties surrounding the obligation. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

2.14 Financial Instruments**2.14.1 Initial Recognition and Measurement**

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. At initial recognition, financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at Fair Value Through Profit or Loss are recognised in the Statement of Profit and Loss.

2.14.2 Subsequent measurement of Financial Assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets. Debt instruments that meet conditions based on purpose of holding assets and contractual terms of instrument are subsequently measured at amortised cost using effective interest method.

All other financial assets are measured at fair value.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as Fair Value Through Profit or Loss. Interest income is recognised in profit or loss and is included in the "Other income" line item.

2.14.3 Impairment of Financial Assets

The Company recognises loss allowance using expected credit loss model for financial assets which are not measured at Fair Value Through Profit or Loss. Expected credit losses are weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at original effective rate of interest.

For Trade receivables, the Company measures loss allowance at an amount equal to lifetime expected credit losses. The Company computes expected credit loss allowance based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

2.14.4 Financial Liabilities and equity instruments**2.14.4.1 Classification of debt or equity**

Debt or equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of financial liability and equity instrument.

2.14.4.2 Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

2.14.4.3 Financial Liabilities

All financial liabilities (other than derivative financial instruments) are measured at amortised cost using effective interest method at the end of reporting periods.

2.14.5 Derecognition of Financial Assets and Liabilities

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or when the Company transfers the contractual rights to receive the cash flows of the financial asset in which substantially all the risks and rewards of ownership of the financial asset are transferred, or in which the Company neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset and does not retain control of the financial asset.

The Company derecognises a financial liability (or a part of financial liability) when the contractual obligation is discharged, cancelled or expired.

2.14.6 Derivative Financial Instruments

The Company holds derivative financial instruments such as foreign exchange forward contracts to manage its exposure to foreign currency exchange rate risks. Also, the Company has an option to purchase and the seller has an option to sell balance stake in equity share capital of certain partly owned subsidiary(ies).

Derivatives are initially recognised at fair value at the date the contracts are entered into. Subsequent to initial recognition, these contracts are measured at fair value at the end of each reporting period and changes are recognised in Statement of Profit and Loss.

2.15 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit / loss before tax for the period is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments. Cash Flows from operating, investing and financing activities of the Company are segregated.

Cash and Cash Equivalents for the purpose of Cash Flow Statement comprise of cash at bank, cash in hand and short-term deposits with an original maturity of three months or less, as reduced by bank overdrafts.

2.16 Segment Reporting

The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / loss amounts are evaluated regularly by the Chief Operating Decision Maker (CODM) in deciding how to allocate resources and in assessing performance.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. Inter-segment revenue is accounted on the basis of cost plus margins. Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on reasonable basis have been included under "unallocated revenue/expenses/assets/liabilities" respectively.

2.17 Employee Benefits

Employee benefits include Provident Fund, Superannuation Fund, Employee State Insurance Scheme, Gratuity Fund, Compensated Absences, Anniversary Awards, Premature Death Pension Scheme and Total Disability Pension Scheme.

2.17.1 Defined Contribution Plans

The Company's contribution to Provident Fund, Superannuation Fund, National Pension Scheme and Employee State Insurance Scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

2.17.2 Defined Benefit Plans

For Defined Benefit Plans in the form of Gratuity Fund, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each balance sheet date. Remeasurement, comprising actuarial gains and losses and the return on plan assets (excluding net interest) is reflected immediately in the Balance Sheet with a charge or credit recognised in Other Comprehensive Income in the period in which they occur. Remeasurement recognised in Other Comprehensive Income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised immediately for both vested and the non-vested portion. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation, as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited taking into account the present value of available refunds and reductions in future contributions to the schemes.

2.17.3 Short-Term and Other Long-Term Employee Benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

2.18 Earnings per share

The Company presents basic and diluted earnings per share ("EPS") data for its equity shares. Basic EPS is calculated by dividing the profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to equity shareholders and the weighted average number of equity shares outstanding for the effects of all dilutive potential ordinary shares, which includes all stock options granted to employees.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

2.19 Assets held for sale

Sale of business is classified as held for sale, if their carrying amount is intended to be recovered principally through sale rather than through continuing use. The condition for classification as held for sale is met when disposal business is available for immediate sale and the same is highly probable of being completed within one year from the date of classification as held for sale.

2.20 Discontinued operations

A discontinued operation is a component of the Company's business that represents a separate line of business that has been disposed of or is held for sale, or is a subsidiary acquired exclusively with a view to resale. Classification as a discontinued operation occurs upon the earlier of disposal or when the operation meets the criteria to be classified as held for sale.

2.21 Non-current assets and disposal groups held for sale

Assets of disposal groups that is available for immediate sale and where the sale is highly probable of being completed within one year from the date of classification are considered and classified as assets held for sale. Non-current assets and disposal groups held for sale are measured at the lower of carrying amount and fair value less costs to sell.

3 Critical Accounting Judgements and key sources of Estimation Uncertainty

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies, reported amounts of assets, liabilities, income and expenses, and accompanying disclosures, and the disclosure of contingent liabilities. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

3.1 Key accounting judgements, assumptions and estimates

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below:

3.1.1 Impairment of investments in subsidiaries

Investment in subsidiaries is measured at cost and tested for impairment annually. For impairment testing, management determines recoverable amount, using cash flow projections which take into account past experience and represent management's best estimate about future developments. Key assumptions on which management has based its determination of recoverable amount include estimated long term growth rates, weighted average cost of capital and estimated operating margins. Management obtains fair value of investments from independent valuation experts.

3.1.2 Impairment of Goodwill and Other Intangible Assets

Goodwill and Other Intangible Assets (i.e. trademarks and copyrights) are tested for impairment on an annual basis. Recoverable amount of cash-generating units is determined based on higher of value-in-use and fair value less cost to sell. The impairment test is performed at the level of the cash-generating unit or groups of cash-generating units which are benefitting from the synergies of the acquisition and which represents the lowest level at which the intangibles are monitored for internal management purposes.

Market related information and estimates are used to determine the recoverable amount. Key assumptions on which management has based its determination of recoverable amount include estimated long term growth rates, weighted average cost of capital and estimated operating margins. Cash flow projections take into account past experience and represent management's best estimate about future developments.

3.1.3 Employee related provisions

The costs of long term and short term employee benefits are estimated using assumptions by the management. These assumptions include rate of increase in compensation levels, discount rates, expected rate of return on assets and attrition rates (disclosed in Note 45).

3.1.4 Income taxes

Significant judgements are involved in estimating budgeted profits for the calculation of advance tax and deferred tax, and determining provision for income taxes and uncertain tax positions (disclosed in Note 48).

3.1.5 Property, Plant and Equipment and Other Intangible Assets

The useful lives and residual values of Company's assets are determined by the management at the time the asset is acquired. These estimates are reviewed annually by the management. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technical or commercial obsolescence arising from changes or improvements in production or from a change in market demand of the product or service output of the asset.

3.1.6 Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

3.1.7 Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 23rd March 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below:

Ind AS 16 – Property Plant and Equipment – The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognized in the statement of profit and loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after 1st April 2022. The Company is evaluating the amendment and its impact on financial statements.

Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets – The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labor, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after 1st April 2022, although early adoption is permitted. The Company is evaluating the amendment and its impact on financial statements.

The company has estimated the useful life for its copyrights and trademark as indefinite on the basis of renewal of legal rights and the management's intention to keep it perpetually.

Goodwill, Copyrights and Trademark

Goodwill, copyrights and trademark in the books of the Company pertain to Consumer and Bazaar business of the Company.

At the end of each reporting period, the Company reviews carrying amount of goodwill, copyrights and trademark to determine whether there is any indication that goodwill, copyrights and trademark has suffered any impairment loss. Accordingly, recoverable amount of goodwill, copyrights and trademark is arrived basis projected cashflows from Consumer and Bazaar business.

Recoverable amount of goodwill, copyrights and trademark exceeds the carrying amount of goodwill, copyrights and trademark in the books as on 31st March 2022. Further there are no external indications of impairment of goodwill, copyrights and trademark. As a result, no impairment loss on goodwill, copyrights and trademark is required to be recognised.

Projected cashflows from Consumer and Bazaar business

The recoverable amount of this cash-generating unit is determined based on a value in use calculation which uses cash flow projections based on financial budgets approved by the management for next year, estimates prepared for the next 4 years thereafter and a discount rate of **12.0%** per annum (11.7% per annum as at 31st March 2021).

Cash flow projections during the budget period are based on the same expected gross margins and raw materials price inflation throughout the budget period. The cash flows beyond that five-year period have been extrapolated using a steady **7%** per annum (7% per annum as at 31st March 2021) growth rate. The management believes that any reasonably possible change in the key assumptions on which recoverable amount is based would not cause the aggregate carrying amount to exceed the aggregate recoverable amount of the cash-generating unit.

The key assumptions used in the value in use calculations for Consumer and Bazaar cash-generating unit are as follows:

Budgeted sales growth	Sales growth is assumed at 12.3% (CAGR) (10.8% as at 31 st March 2021) in line with current year projections. The values assigned to the assumption reflect past experience and current market scenario considering COVID-19 impact and are consistent with the managements' plans for focusing operations in these markets. The management believes that the planned sales growth per year for the next five years is reasonably achievable.
Raw materials price inflation	Forecast for Material cost growth CAGR higher by 0.2% (0.2% as at 31 st March 2021) vs. sales growth, considering impact of commodity cost inflation.
Other budgeted costs	Commercial spends (Schemes and A&SP) have been continued at current year's % to sales. Other fixed costs are in line with the current year's growth.

Figures in brackets () represents previous year

The Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward-looking information. The expected credit loss allowance is based on the ageing of the receivable days and the rates as given in the provision matrix. The provision matrix at the end of the reporting period is as follows:

Ageing	Expected Credit Loss	
	As at 31 st March 2022	As at 31 st March 2021
Within the credit period (in days)		
01-90	0.8%	0.8%
91-180	53.7%	76.3%
181-360	65.9%	64.4%
>360	84.1%	84.3%

Movement in expected credit loss allowance :		
	For the year ended 31 st March 2022	For the year ended 31 st March 2021
Balance at the beginning of the year	34.75	31.02
Movement in expected credit loss allowance on trade receivables calculated at lifetime expected credit losses	1.64	3.73
Balance at the end of the year	36.39	34.75

A formal credit policy has been framed and credit facilities are given to dealers within the framework of the credit policy. As per credit risk management mechanism, a policy for doubtful debt has been formulated and risk exposure related to receivables are identified based on criteria mentioned in the policy and provided for credit loss allowance.

Trade receivables includes receivables from Companies / firms where directors are directors / members/partners (refer Note 44).

* The Company disaggregated revenues from contracts with customers by customer type and by geography. The Company believes that this disaggregation best depicts how the nature, amount, timing and uncertainty of its revenues and cash flows are affected by industry, market and other economic factors. For geography wise and customer wise breakup of revenue, refer Note 42.

Further, the Company derives its revenue from the transfer of goods at a point in time for its major service lines. This is consistent with the revenue information that is disclosed for each reportable segment under Ind AS 108 'Operating Segment'.

Reconciliation of revenue recognised with the contracted price is as follows:

	For the year ended 31 st March 2022	For the year ended 31 st March 2021

45 Employee Benefits

The Company has classified various employee benefits as under:

(A) Defined Contribution Plans

- (a) Provident Fund
- (b) Superannuation Fund
- (c) State Defined Contribution Plans
 - Employers' Contribution to Employees' State Insurance
 - Employers' Contribution to Employees' Pension Scheme 1995
 - Labour Welfare Fund
- (d) National Pension Scheme

The Provident Fund and the State Defined Contribution Plans are operated by the Regional Provident Fund Commissioner, the Superannuation Fund is administered by the LIC of India and National Pension Fund is administered by Pension Fund Regulatory and Development Authority (PFRDA), as applicable, for all eligible employees. Under the schemes, the Company is required to contribute a specified percentage of payroll cost to the retirement benefit schemes to fund the benefits. These funds are recognised by the Income Tax Authorities.

The Company has recognised the following amounts in the Statement of Profit and Loss:

(₹ in crores)

	For the year ended 31 st March 2022	For the year ended 31 st March 2021
(i) Contribution to Provident Fund	24.86	19.47
(ii) Contribution to Employees' Superannuation Fund	0.80	0.86
(iii) Contribution to Employees' State Insurance Scheme	0.24	0.20
(iv) Contribution to Employees' Pension Scheme 1995	9.43	9.04
(v) Contribution to National Pension Scheme	4.77	3.61
TOTAL	40.10	33.18
(B) Defined Benefit Plans		
Gratuity		
(C) Other Long-Term Benefits		
(a) Compensated Absences		
(b) Anniversary Awards		
(c) Premature Death Pension Scheme		
(d) Total Disability Pension Scheme		

Valuations in respect of above have been carried out by independent actuary, as at the balance sheet date, based on the following assumptions:

	Valuations as at	
	31 st March 2022	31 st March 2021
(i) Discount Rate (per annum)	7.18%	6.86%
(ii) Rate of increase in Compensation levels (per annum)	1 st yr - 8.50%, thereafter 6.50%	1 st yr - 8.50%, thereafter 6.50%
(iii) Expected Rate of Return on Assets	7.18%	6.86%
(iv) Attrition Rate	upto 5 yrs - 12.7%, 5 - 10 yrs - 5.4%, Above 10 yrs - 4.5%	upto 5 yrs - 13%, 5 - 10 yrs - 5%, Above 10 yrs - 5%
(v) Retirement Age	60 years	60 years
(vi) The expected rate of return on plan assets is determined after considering several applicable factors such as the composition of the plan assets, investment / strategy, market scenario, etc. In order to protect the capital and optimise returns within acceptable risk parameters, the plan assets are well diversified.		
(vii) The discount rate is based on the prevailing market yields of Government of India securities as at the balance sheet date for the estimated term of the obligations.		
(viii) The estimate of future salary increases considered, takes into account the inflation, seniority, promotion, increments and other relevant factors.		

Gratuity fund asset is managed by Life Insurance Corporation of India, there is no material risk that the Company would be unable to meet its gratuity liability. Also as the fund is set up as a trust, the money as a part of the trust will not flow back into the Company until the last employee of the trust is paid.

Note on other risks:

- Investment Risk** – The funds are invested by LIC / Kotak and they provide returns basis the prevalent bond yields, LIC on an annual basis requests for contributions to the fund, while the contribution requested may not be on the same interest rate as the bond yields provided, basis the past experience it is low risk.
- Interest Risk** – LIC does not provide market value of assets, rather maintains a running statement with interest rates declared annually – The fall in interest rate is not therefore offset by increase in value of Bonds, hence may pose a risk.
- Longevity Risk** – Since the gratuity payment happens at the retirement age of 60, longevity impact is very low at this age, hence this is a non-risk.
- Salary Risk** – The liability is calculated taking into account the salary increase, basis past experience of the Company's actual salary increases with the assumptions used, they are in line, hence this risk is low risk.

(C) Financial risk management objectives

The Company's Corporate Treasury function provides services to the business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations of the Company through internal risk reports which analyse exposures by degree and magnitude of risks. These risks include market risk, credit risk and liquidity risk. The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. Exchange rate exposures are managed within approved policy parameters utilising foreign exchange forward contracts. Compliance with policies and exposure limits is a part of Internal Financial Controls. The Company does not enter into or trade in financial instruments, including derivative financial instruments, for speculative purposes. The Corporate Treasury function reports quarterly to the Company's risk management committee, an independent body that monitors risks and policies implemented to mitigate risk exposures.

(D) Market risk

The Company's activities expose it primarily to the financial risk of changes in foreign currency exchange rates (see note E below). The Company enters into foreign exchange forward contracts to manage its exposure to foreign currency risk of net imports.

(E) Foreign currency risk management

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

	For the year ended 31 st March 2022	For the year ended 31 st March 2021
Impact on profit or loss for the year (c)	(0.34)	(0.20)

- (a) This is mainly attributable to the exposure of outstanding USD receivables and payables at the end of the reporting period.
 (b) This is mainly attributable to the exposure of outstanding EUR receivables and payables at the end of the reporting period.
 (c) This is mainly attributable to the exposure of outstanding GBP receivables and payables at the end of the reporting period.

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

(ii) Foreign exchange forward contracts

It is the policy of the Company to enter into foreign exchange forward contracts to cover foreign currency payments (net of receipts) in USD and EUR. The Company enters into contracts with terms upto 90 days. The Company's philosophy does not permit any speculative calls on the currency. It is driven by conservatism which guides that we follow conventional wisdom by use of Forward contracts in respect of Trade transactions.

Regulatory Requirements: The Company does alter its hedge strategy in relation to the prevailing regulatory framework and guidelines that may be issued by RBI, FEDAI or ISDA or other regulatory bodies from time to time.

Mode of taking Cover: Based on the outstanding details of import payable and export receivable (in weekly baskets) the net trade import exposure is arrived at (i.e. Imports – Exports = Net trade exposures). The net trade import exposure arrived at is netted off with the outstanding forward cover as on date and with the surplus foreign currency balance available in EEFC A/Cs. Forward cover is obtained from bank for each of the aggregated exposures and the Trade deal is booked. The forward cover deals are all backed by actual trade underlines and settlement of these contracts on maturity are by actual delivery of the hedged currency for settling the underline hedged trade transaction.

The following table details the foreign exchange forward contracts outstanding at the end of the reporting period

Outstanding contracts	Average exchange rates (₹)		Foreign Currency	
	31 st March 2022	31 st March 2021	31 st March 2022	31 st March 2021
USD - Buy	76.07	74.48	3,23,26,444.10	1,41,21,844.00

	31 st March 2022	31 st March 2021	31 st March 2022	31 st March 2021
USD - Buy	246.06	104.33	(0.16)	(0.55)

The line-items in the financial statements that include the above hedging instruments are "Other Financial Assets" of ₹ 0.44 crores (₹ 0.09 crores as at 31st March 2021) and "Other Financial Liabilities" of ₹ 0.60 crores (Rs 0.64 crores as at 31st March 2021) (refer Note: 13 and 24 respectively).

The aggregate amount of profit under foreign exchange forward contracts recognised in the Statement of Profit and Loss is ₹ 0.14 crores (loss of ₹ 2.49 crores as at 31st March 2021).

(F) Credit risk management

Credit risk refers to risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, investment in mutual funds, derivative financial instruments, other balances with banks, loans and other receivables.

The Company has adopted a policy of only dealing with counterparties that have sufficiently high credit rating. The Company's exposure and credit ratings of its counterparties are continuously monitored and the aggregate value of transactions is reasonably spread amongst the counterparties.

Credit risk arising from investment in mutual funds, derivative financial instruments and other balances with banks is limited and there is no collateral held against these because the counterparties are banks and recognised financial institutions with high credit ratings assigned by the international credit rating agencies.

(G) Liquidity risk management

Liquidity risk is the risk that the Company will encounter difficulty in raising funds to meet commitments associated with financial instruments that are settled by delivering cash or another financial asset. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value.

The Company has an established liquidity risk management framework for managing its short term, medium term and long term funding and liquidity management requirements. The Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Company manages the liquidity risk by maintaining adequate funds in Cash and Cash Equivalents. The Company also has adequate credit facilities agreed with banks to ensure that there is sufficient cash to meet all its normal operating commitments in a timely and cost-effective manner.

(i) Liquidity risk tables

The following tables detail the Company's remaining contractual maturity for its non-derivative and derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company will be liable to pay.

The tables include both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period.

(H) Fair value measurements

This note provides information about how the Company determines fair values of various financial assets and financial liabilities.

(i) Fair value of the Company's financial assets and financial liabilities that are measured at fair value on a recurring basis

Some of the Company's financial assets and financial liabilities are measured at fair value at the end of each reporting period.

The following table gives information about how the fair values of these financial assets and financial liabilities are determined (in particular, the valuation technique(s) and inputs used).

Financial Assets/ Financial Liabilities	Fair value		Fair value hierarchy	Valuation technique(s) and key input(s)
	As at 31 st March 2022	As at 31 st March 2021		
1 Investment in Mutual Fund, Preference Shares and Bonds	Various listed funds - aggregate fair value of ₹ 191.60 crores	Various listed funds - aggregate fair value of ₹ 329.00 crores	Level 1	Quoted bid prices in active market
2 Derivative assets and liabilities towards foreign currency forward contracts, Alternate Investment Funds	Assets - ₹ 0.44 crores Liabilities - ₹ 0.60 crores Investment funds - aggregate fair value of ₹ 11.64 crores	Assets - ₹ 0.09 crores Liabilities - ₹ 0.64 crores Investment funds - aggregate fair value of ₹ 3.49 crores	Level 2	Mark to market values acquired from banks / financial institution, with whom the Company contracts.

(ii) Financial instruments measured at amortised cost

The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

The gross contractual amounts and the fair value of trade and other receivables acquired was ₹ 0.91 crores. None of the trade and other receivables were credit impaired and it is expected that the full contractual amounts will be recoverable.

Total Capital Reserve on acquisition was ₹ 1.72 crores. The Capital Reserve on acquisition can be attributable to skilled employees, expected synergies from acquisition and other intangible assets that can not be identified separately.

Nitin Enterprises contributed ₹ NIL towards revenue from operations and Company's results. If the acquisition had occurred on 1st April 2020, revenue from operations would have been higher by ₹ 40.77 crores and profit would have been lower by ₹ 2.00 crores for the year ended 31st March 2021. In determining these amounts, it is assumed that the fair value adjustments, that arose on date of acquisition would have been same if the acquisition had occurred on 1st April 2020.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF PIDILITE INDUSTRIES LIMITED

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Pidilite Industries Limited ("the Parent") and its subsidiaries, (the Parent and its subsidiaries together referred to as "the Group") which includes the Group's share of profit in its associates and share of loss in its joint venture, which comprise the Consolidated Balance Sheet as at 31st March 2022, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors on separate financial statements / financial information of the subsidiaries and associates referred to in the Other Matters section below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('Ind AS') and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March 2022, and their consolidated profit, their consolidated total comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, its associates and joint venture in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in the sub-paragraph (a) of the Other Matters section below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. We have determined that there are no key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon ("Other Information")

- The Parent's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Directors' Report including Annexures to Directors' Report, Business Responsibility Report, Corporate Governance and Information for Shareholder, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.
- Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, compare with the financial statements of the subsidiaries and associates audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiaries and associates, is traced from their financial statements audited by the other auditors.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Parent's Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group including its Associates and joint venture in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group and of its associates and joint venture are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its associates and its joint venture and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates and joint venture are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates and joint venture are also responsible for overseeing the financial reporting process of the Group and of its associates and joint venture.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates and joint venture to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the

related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates and joint venture to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates and joint venture to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities or business activities included in the consolidated financial statements of which we are the independent auditors. For the other entities or business activities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion..

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Parent and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- (a) We did not audit the financial statements / financial information of 33 subsidiaries, whose financial statements / financial information reflect total assets of ₹ 2,035.94 crores as at 31st March 2022, total revenues of ₹ 1,665.97 crores and net cash outflows amounting to ₹ 101.08 crores for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net profit of ₹ 11.88 crores for the year ended 31st March 2022, as considered in the consolidated financial statements, in respect of three associates, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and associates, and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries and associates is based solely on the reports of the other auditors.
- (b) The consolidated financial statements also include the Group's share of net loss of ₹ NIL for the year ended 31st March 2022, as considered in the consolidated financial statements, in respect of a joint venture, whose financial information have not been audited by us. These financial information are unaudited and have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of a joint venture, is based solely on such unaudited financial information. In our opinion and according to the information and explanations given to us by the Management, these financial information are not material to the Group.

Our opinion on the consolidated financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on the separate financial statements / financial information of the subsidiaries and associates referred to in the Other Matters section above we report, to the extent applicable that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

TO THE MEMBERS OF PIDILITE INDUSTRIES LIMITED FOR THE YEAR ENDED 31ST MARCH 2022

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended 31st March 2022, we have audited the internal financial controls over financial reporting of Pidilite Industries Limited (hereinafter referred to as “Parent”) and its subsidiary companies, its associate companies, which are companies incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Parent, its subsidiary companies and its associate companies which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Parent, its subsidiary companies and its associate companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies and associate companies, which are companies incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Parent, its subsidiary companies and its associate companies, which are companies incorporated in India where such reporting under section 143(3) of the Companies Act, 2013 is applicable.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the Other Matters paragraph below, the Parent, its subsidiary companies and its associate companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2022, based on the criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to 12 subsidiary companies and 3 associate companies, which are companies incorporated in India, is based solely on the corresponding reports of the auditors of such companies incorporated in India.

Our opinion is not modified in respect of the above matters.

2 Significant Accounting Policies

2.1 Basis of accounting and preparation of financial statements

The consolidated financial statements of the Group have been prepared in accordance with the Indian Accounting Standards ("Ind AS") prescribed under Section 133 of the Companies Act, 2013('Act') read with Companies (Indian Accounting Standards) Rules, 2015 as amended.

The financial statements have been prepared under the historical cost convention except for the following items –

- a. Certain Financial Assets / Liabilities (including derivative instruments) – at Fair value
- b. Employee Stock Options - at Fair value

The financial statements are presented in Indian Rupees (₹) and all values are rounded to the nearest crores, except otherwise indicated.

2.2 Basis of consolidation

The consolidated financial statements comprise the financial statements of Pidilite Industries Limited and its subsidiaries (together referred to as "Group") and Group's share of profit / loss in its Associates and Joint Venture as at 31st March 2022. Control exists when the Group has:

- power over the investee;
- exposure or rights, to variable returns from its involvement with the investee; and
- ability to use its power over the investee to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

Generally, there is a presumption that a majority of voting rights result in control. When the Group has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Group considers all relevant facts and circumstances in assessing whether or not the Group's voting rights in an investee are sufficient to give it power, including:

- the size of the Group's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Group, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Group has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders meetings.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed off during the year are included in the Consolidated Statement of Profit and Loss from the date the Group gains control until the date when the Group ceases to control the subsidiary.

If the Group loses control over a subsidiary, it derecognises the related assets (including goodwill), liabilities, non-controlling interest and other components of equity. Any investment retained is measured at fair value. Any resultant gain or loss is recognised in the Consolidated Statement of Profit and Loss.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

The consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the Parent, i.e., year ended on 31st March 2022.

The consolidated financial statements have been prepared on the following basis:

- a) The financial statements of the Parent and its subsidiaries have been consolidated on a line-by-line basis by adding together like items of assets, liabilities, income and expenses after eliminating intra-group balances, intra-group transactions and resulting unrealised profits or losses in accordance with Ind AS 110 "Consolidated Financial Statements". Further, the carrying amount of the Parent's investments in each subsidiary and the Parent's portion of equity of each subsidiary are eliminated on consolidation.

- b) The consolidated financial statements include the share of profit / loss of an Associate companies and Joint Venture which have been accounted for using equity method as per Ind AS 28 "Investment in Associates and Joint Ventures". The investment is initially recognised at cost, and the carrying amount is increased or decreased to recognise the investor's share of the profit or loss (the loss being restricted to the cost of investment) of the investee after the acquisition date.
- c) Profit or loss and each component of Other Comprehensive Income (the 'OCI') are attributed to the equity holders of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.
- d) The excess of cost to the Group of its investments in the subsidiary companies over its share of equity of the subsidiary companies, at the dates on which the investments in the subsidiary companies were made, is recognised as 'Goodwill' being an asset in the consolidated financial statements and is tested for impairment on annual basis. On the other hand, where the share of equity in the subsidiaries, as on the date of investment is in excess of cost of investments of the Group, it is recognised as 'Capital Reserve' and shown under the head 'Reserves & Surplus', in the consolidated financial statements.
- e) Minority Interest in the net assets of the consolidated subsidiaries consist of the amount of equity attributable to the minority shareholders at the date on which investments in the subsidiary companies were made and further movements in their share in the equity, subsequent to the dates of investments. Net profit / loss for the year and each component of Other Comprehensive Income of the subsidiaries attributable to minority interest is identified and adjusted against the profit after tax of the Group in order to arrive at the income attributable to shareholders of the Company.
- f) The difference between the cost of investments in the associate and the share of net assets at the time of acquisition of shares in the associate is identified in the consolidated financial statements as Goodwill or Capital Reserve as the case may be.
- g) Goodwill arising on consolidation is not amortised but tested for impairment.

2.3 Business Combination

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interest issued by the Group in exchange of control of acquiree. Acquisition-related costs are recognised in Consolidated Statement of Profit and Loss as incurred.

Where the consideration transferred by the Group in a business combination includes assets or liabilities resulting from a contingent consideration arrangement, the contingent consideration is measured at its acquisition-date fair value and included as a part of the consideration transferred in a business combination. Changes in the fair value of the contingent consideration that qualify as measurement period adjustments are adjusted retrospectively, with corresponding changes against goodwill or capital reserve, as the case maybe. Measurement period adjustments are adjustments that arise from additional information obtained during the 'measurement period' (which cannot exceed one year from the acquisition date) about facts and circumstances that existed at the acquisition date. Contingent consideration that is classified as an asset or a liability is subsequently (after the measurement period) remeasured at subsequent reporting dates with the corresponding gain or loss being recognized in Consolidated Statement of Profit and Loss.

In case of business combinations involving entities under common control, the above policy does not apply. Business combinations involving entities under common control are accounted for using the pooling of interests method. The net assets of the transferor entity or business are accounted at their carrying amounts on the date of the acquisition subject to necessary adjustments required to harmonise accounting policies. Retained earnings appearing in the financial statements of the transferor is aggregated with the corresponding balance appearing in the financial statements of the transferee. Identity of the reserves appearing in the financial statements of the transferor is preserved and appears in the financial statements of the transferee in the same form. Any excess or shortfall of the consideration paid over the share capital of transferor entity or business is recognised as capital reserve under equity.

2.4 Goodwill

Goodwill is measured as the excess of the consideration transferred over the net of acquisition-date amounts of the identifiable assets acquired and the liabilities assumed.

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units (or groups of cash-generating units) that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata based on the carrying amount of each assets in the unit. Any impairment loss for goodwill is recognised directly in Consolidated Statement of Profit and Loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

The Group's policy for goodwill arising on business combination or acquisition of an associate and a Joint Venture is described at Note 2.5.

2.5 Investments in Associates and Joint Ventures

An Associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

A Joint Venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

An investment in an Associate or a Joint Venture is accounted for using the equity method from the date on which the investee becomes an Associate or a Joint Venture.

Under the equity method, an investment in an Associate or a Joint Venture is initially recognised in the Consolidated Balance Sheet at cost and adjusted thereafter to recognise the Group's share of the profit or loss and Other Comprehensive Income of the Associate or Joint Venture. Distributions received from an Associate or a Joint Venture reduce the carrying amount of the investment. When the Group's share of losses of an Associate or a Joint Venture exceeds the Group's interest in that Associate or Joint Venture (which includes any long-term interests that, in substance, form part of the Group's net investment in the Associate or Joint Venture); the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the Associate or Joint Venture.

On acquisition of the investment in an Associate or a Joint Venture, any excess of the cost of the investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised directly in equity as capital reserve.

After application of the equity method of accounting, the Group determines whether there is any objective evidence of the impairment as a result of one or more events that occurred after the initial recognition of the net investment in an Associate or Joint Venture and that event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated. If there exists such an objective evidence of impairment, then it is necessary to recognise impairment loss with respect to the Group's investment in an Associate or Joint Venture.

When necessary, the entire carrying amount of the investment (including goodwill) is tested for impairment in accordance with Ind AS 36 Impairment of Assets as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs of disposal) with its carrying amount. Any impairment loss recognised forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognised in accordance with Ind AS 36 to the extent that the recoverable amount of the investment subsequently increases.

When a group entity transacts with an Associate or a Joint Venture of the Group, profits and losses resulting from the transactions with the Associate or Joint Venture are recognised in the Group's consolidated financial statements only to the extent of interests in the Associate or Joint Venture that are not related to the Group.

2.6 Revenue Recognition

The Group recognises revenue from sale of goods and services, based on the terms of contract and as per the business practise; the Group determines transaction price considering the amount it expects to be entitled in exchange of transferring promised goods or services to the customer. Revenue is recognised when it is realized or is realizable and has been earned after the deduction of variable components such as discounts, rebates, incentives, promotional couponing and schemes. The Group estimates the amount of variable components based on historical, current and forecast information available and either expected value method or most likely method, as appropriate and records a corresponding liability in other payables; the actual amounts may be different from such estimates. These differences, which have historically not been significant, are recognized as a change in management estimate in a subsequent period.

2.6.1.a Sale of goods

Revenue is recognised when control of the products being sold has been transferred to a customer and when there are no longer any unfulfilled obligations to the customer. This is generally on delivery to the customer but depending on individual customer terms, this can be at the time of dispatch, delivery or upon formal customer acceptance. This is considered the appropriate point where the performance obligations in our contracts are satisfied and the Group no longer has control over the inventory.

Advance received from customer before transfer of control of goods to the customer is recognised as contract liability.

2.6.1.b Sale of Services

Revenue from sale of services includes fixed price contracts and time and material contracts and is recognized as sale, as and when the related services are performed and certified by the client. Services performed and not certified by the client, are recognized as sales and are recorded as uncertified revenue and unbilled revenue. Incomplete services are recorded at cost as work-in-progress.

The Group accounts for provision of warranty in accordance with Ind AS 37 "Provisions, Contingent Liabilities and Contingent Assets".

2.6.2 Dividend, Interest income and Royalty

Dividend income from investments is recognised when the Group's right to receive dividend is established.

Interest income from a financial asset is recognised on a time basis, by reference to the principal outstanding using the effective interest method provided it is probable that the economic benefits associated with the interest will flow to the Group and the amount of interest can be measured reliably. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of that financial asset.

Royalty income is recognised on an accrual basis in accordance with the substance of the relevant agreement or underlying arrangement in case of sales provided that it is probable that the economic benefits associated with the royalty shall flow to the Group and the amount of royalty can be measured reliably.

Claims / Insurance Claim etc. are accounted for when no significant uncertainties are attached to their eventual receipt.

The Group's policy for recognition of revenue (rental income) from leases is described in Note 2.7.1.

2.7 Leasing

The Group, at the inception of a contract, assesses whether the contract is a lease or not lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a time in exchange for a consideration.

2.7.1 Group as Lessor

Rental income from leases is recognised on a straight- line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Group's expected inflationary cost increase, such increases are recognised in the year in which such benefits accrue.

Amounts due under finance leases are recognised as receivables at the amount of the Group's net investment in the leases.

Finance lease income is allocated over accounting periods so as to reflect constant periodic rate of return of the Group's net investment outstanding in respect of the leases.

2.7.2 Group as Lessee

The Group's lease asset classes primarily consist of leases for land and buildings. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset, (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short - term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term or useful life of the underlying asset. Right-of-use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cashflows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing activity in the consolidated statement of cash flows.

2.8 Foreign Currencies

The functional currency of the Parent and its Indian Subsidiaries is the Indian Rupee, whereas the functional currency of Foreign Subsidiaries is the currency of their countries of domicile. In preparing the financial statements of each individual Group entity, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items (including financial assets and liabilities) denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Gains or losses arising from these translations are recognised in the Consolidated Statement of Profit and Loss. For the purposes of presenting these consolidated financial statements, the assets and liabilities of the Group's foreign operations are translated into Indian Rupees using exchange rates prevailing at the end of each reporting period. Income and expense items are translated at the average exchange rates for the period.

2.9 Share-based payment transactions of the Group

Equity-settled share-based payments to employees providing similar services are measured at the fair value of the equity instruments at the grant date.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity.

2.10 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.10.1 Current Tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Consolidated Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's current tax is calculated using applicable tax rates that have been enacted or substantively enacted by the end of the reporting period and the provisions of the Income Tax Act, 1961 and other tax laws, as applicable.

2.10.2 Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.10.3 Current and Deferred Tax for the year

Current and deferred tax are recognised in the Consolidated Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

2.11 Property, Plant and Equipment

2.11.1 Property, Plant and Equipment acquired separately

Freehold Land is stated at cost and not depreciated.

Buildings, plant and machinery, vehicles, furniture & fixtures and office equipments are stated at cost less accumulated depreciation and accumulated impairment losses.

An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of Property, Plant and Equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in Consolidated Statement of Profit and Loss.

2.11.2 Capital Work-In-Progress

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Group's accounting policy. Such properties are classified and capitalised to the appropriate categories of Property, Plant and Equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

2.11.3 Depreciation

Depreciation is recognised so as to write off the cost of assets (other than Freehold Land and Capital Work-In-Progress) less their residual values over their useful lives, using the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

For certain items of Property, Plant and Equipment, the Group depreciates over estimated useful life which are different from the useful lives prescribed under Schedule II to the Companies Act, 2013 which is based upon technical assessment made by technical expert and management estimate. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Estimated useful lives of the assets are as follows:

Type of Asset	Useful Life
Buildings	20-60 years
Leasehold Improvements	Over the life of lease contract
Plant and Machinery	1-30 years
Vehicles	1-10 years
Furniture and Fixtures	3-15 years
Office Equipment	1-20 years

2.12 Intangible Assets

2.12.1 Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives are carried at cost less accumulated impairment losses.

2.12.2 Intangible assets acquired in a business combination

Intangible assets other than goodwill acquired in a business combination are initially recognised at their fair value at the acquisition date (which is regarded as their cost).

Subsequent to initial recognition, such intangible assets acquired in a business combination are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

2.12.3 Internally generated Intangible Assets – Research and Development Expenditure

Expenditure on research activities is recognised in Consolidated Statement of Profit and Loss in the period in which it is incurred.

An internally generated intangible asset arising from development is recognised if and only if it meets the recognition criteria of intangible assets. The amount initially recognised is the sum total of expenditure incurred from the date when the intangible asset first meets the recognition criteria. Where no intangible asset can be recognised, development expenditure is recognised in Consolidated Statement of Profit and Loss in the period in which it is incurred.

Subsequent to initial recognition, internally generated intangible assets are reported at cost less accumulated amortization and accumulated impairment losses, on the same basis as intangible assets acquired separately.

2.12.4 Useful lives of Intangible Assets

Estimated useful lives of the Intangible Assets are as follows:

Type of Asset	Useful Life
Computer Software	3-10 years
Technical Knowhow	10-15 years
Non-Compete Fees	7-15 years
Distributor Relationship	15 years
Copyrights	Indefinite Life
Trademark	Indefinite Life

2.13 Impairment of Tangible and Intangible Assets other than Goodwill

At the end of each reporting period, the Group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired. Intangible assets with indefinite useful lives are tested for impairment annually at the cash-generating unit level. The assessment of indefinite useful life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Recoverable amount is the higher of fair value less costs of disposal and value in use.

If the recoverable amount of the asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised in Consolidated Statement of Profit and Loss.

2.14 Inventories

Inventories are valued at lower of cost and net realisable value.

Cost of inventories is determined on weighted average. Cost for this purpose includes cost of direct materials, direct labour and appropriate share of overheads. Net realisable value represents the estimated selling price in the ordinary course of business less all estimated costs of completion and estimated costs necessary to make the sale.

Obsolete, defective, unserviceable and slow / non-moving stocks are duly provided for and valued at net realisable value.

2.15 Provisions (other than Employee Benefits)

A provision is recognised when as a result of past event, the Group has a present legal or constructive obligation that can be reliably estimated, and, it is probable that an outflow of economic benefit will be required to settle the obligation.

Provisions (excluding retirement benefits) are determined based on the best estimate required to settle the obligation at the balance sheet date, taking into account the risks and uncertainties surrounding the obligation. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

2.16 Financial Instruments**2.16.1 Initial Recognition and Measurement**

Financial assets and financial liabilities are recognised when a Group entity becomes a party to the contractual provisions of the instruments.

At initial recognition, financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at Fair Value Through Profit and Loss) are added to or deducted from the value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at Fair Value Through Profit and Loss are recognised in Consolidated Statement of Profit and Loss.

2.16.2 Subsequent measurement of Financial Assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets. Debt instruments that meet conditions based on purpose of holding assets and contractual terms of instrument are subsequently measured at amortised cost using effective interest method. All other financial assets are measured at fair value. Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at Fair Value Through Profit and Loss. Interest income is recognised in Consolidated Statement of Profit and Loss and is included in the "Other income" line item.

2.16.3 Impairment of Financial Assets

The Group recognises loss allowance using expected credit loss model financial assets which are not measured at Fair Value Through Profit and Loss. Expected credit losses are weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive, discounted at original effective rate of interest.

For Trade receivables, the Group measures loss allowance at an amount equal to lifetime expected credit losses. The Group computes expected credit loss allowance based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

2.16.4 Financial Liabilities and Equity Instruments**2.16.4.1 Classification of debt or equity**

Debt or equity instruments issued by the Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of financial liability and equity instrument.

2.16.4.2 Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds, net of direct issue costs.

2.16.4.3 Financial Liabilities

All financial liabilities (other than derivative financial instruments) are measured at amortised cost using effective interest method.

2.16.5 Derecognition of Financial Assets and Liabilities

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or when the Group transfers the contractual rights to receive the cash flows of the financial asset in which substantially all the risks and rewards of ownership of the financial asset are transferred, or in which the Group neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset and does not retain control of the financial asset.

The Group derecognises a financial liability (or a part of financial liability) when the contractual obligation is discharged, cancelled or expires.

2.16.6 Derivative Financial Instruments

The Group holds derivative financial instruments such as foreign exchange forward contracts to hedge its exposure to foreign currency exchange rate risks.

Derivatives are initially recognised at fair value at the date the contracts are entered into. Subsequent to initial recognition, these contracts are measured at their fair value and changes are recognised in Consolidated Statement of Profit and Loss.

2.17 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit / loss before tax for the period is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments. Cash flows from operating, investing and financing activities of the Group are segregated.

Cash and Cash Equivalents for the purpose of cash flow statement comprise of cash at bank, cash in hand and short-term deposits with an original maturity of three months or less, as reduced by bank overdrafts.

2.18 Segment Reporting

The Group identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / loss amounts are evaluated regularly by the Chief Operating Decision Maker (CODM) in deciding allocation of resources and in assessing performance.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Group. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment.

Inter-segment revenue is accounted on the basis of cost plus margins. Revenue, expenses, assets and liabilities which relate to the Group as a whole and are not allocable to segments on reasonable basis have been included under "unallocated revenue / expenses / assets / liabilities respectively".

2.19 Employee Benefits

Employee benefits include Provident Fund, Superannuation Fund, Employee State Insurance Scheme, Gratuity Fund, Compensated Absences, Anniversary Awards, Premature Death Pension Scheme and Total Disability Pension Scheme.

2.19.1 Defined Contribution Plans

The Group's contribution to Provident Fund, Superannuation Fund, National Pension Scheme and Employee State Insurance Scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

2.19.2 Defined Benefit Plans

For defined benefit plans in the form of Gratuity Fund, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each Balance Sheet date. Remeasurement, comprising actuarial gains and losses and the return on plan assets (excluding net interest) is reflected in the Consolidated Balance Sheet with a charge or credit recognised in Other Comprehensive Income in the period in which they occur. Remeasurement recognised in Other Comprehensive Income is reflected in retained earnings and is not reclassified to profit or loss. Past service cost is recognised immediately for both vested and the non-vested portion. The retirement benefit obligation recognised in the Consolidated Balance Sheet represents the present value of the defined benefit obligation, as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited taking into account the present value of available refunds and reductions in future contributions to the schemes.

2.19.3 Short-Term and Other Long-Term Employee Benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date.

2.20 Earnings per share

The Company presents basic and diluted earnings per share ("EPS") data for its equity shares. Basic EPS is calculated by dividing the profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to equity shareholders and the weighted average number of equity shares outstanding for the effects of all dilutive potential ordinary shares, which includes all stock options granted to employees.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

2.21 Assets held for sale

Sale of business is classified as held for sale, if their carrying amount is intended to be recovered principally through sale rather than through continuing use. The condition for classification as held for sale is met when disposal business is available for immediate sale and the same is highly probable of being completed within one year from the date of classification as held for sale.

2.22 Discontinued operations

A discontinued operation is a component of the Group's business that represents a separate line of business that has been disposed of or is held for sale, or is a subsidiary acquired exclusively with a view to resale. Classification as a discontinued operation occurs upon the earlier of disposal or when the operation meets the criteria to be classified as held for sale.

2.23 Non-current assets and disposal groups held for sale

Assets of disposal groups that is available for immediate sale and where the sale is highly probable of being completed within one year from the date of classification are considered and classified as assets held for sale. Non-current assets and disposal groups held for sale are measured at the lower of carrying amount and fair value less costs to sell.

3 Critical Accounting Judgements and key sources of Estimation Uncertainty

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies, reported amounts of assets, liabilities, income and expenses, and accompanying disclosures, and the disclosure of contingent liabilities. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

3.1 Critical Judgments**3.1.1 Classification of Plus Call Technical Services LLC as a Joint Venture**

Plus Call Technical Services LLC is a limited liability company whose legal form confers separation between the parties to the joint arrangement and the LLC itself. Furthermore, there is no contractual arrangement or any other facts and circumstances that indicate that the parties to the joint arrangement have rights to the assets and obligations for the liabilities of the joint arrangement. Accordingly, Plus Call Technical Services LLC is classified as Joint Venture of the Group.

3.1.2 Classification of entities as Subsidiaries wherein Group has ownership interest and voting rights of 50% or less

Pidilite MEA Chemicals LLC, Bamco Supply and Services Ltd, ICA Pidilite Pvt Ltd, Pidilite Grupo Puma Manufacturing Ltd are subsidiaries of the Group even though the Group has ownership interest and voting rights of 50% or less in the subsidiaries respectively. However, based on the relevant facts and circumstances, control and management of these entities lie with the Group. The Group has the power to direct the relevant activities of these entities and therefore controls these entities.

3.2 Key accounting, judgements, assumptions and estimates

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below:

3.2.1 Impairment of Goodwill and Other Intangible Assets

Goodwill and Other Intangible Assets (i.e. trademark and copyrights) are tested for impairment on an annual basis. Recoverable amount of cash-generating units is determined based on higher of value-in-use and fair value less cost to sell. The impairment test is performed at the level of the cash-generating unit or groups of cash-generating units which are benefitting from the synergies of the acquisition and which represents the lowest level at which the intangibles are monitored for internal management purposes.

Market related information and estimates are used to determine the recoverable amount. Key assumptions on which management has based its determination of recoverable amount include estimated long term growth rates, weighted average cost of capital and estimated operating margins. Cash flow projections take into account past experience and represent management's best estimate about future developments.

3.2.2 Business Combinations and Intangible Assets

Business combinations are accounted for using Ind AS 103, 'Business Combinations'. Ind AS 103 requires the identifiable intangible assets and contingent consideration to be fair valued in order to ascertain the net fair value of identifiable assets, liabilities and contingent liabilities of the acquiree. Significant estimates are required to be made in determining the value of contingent consideration and intangible assets. These valuations are conducted by independent valuation experts.

3.2.3 Employee related provisions

The costs of long-term and short-term employee benefits are estimated using assumptions by the management. These assumptions include rate of increase in compensation levels, discount rates, expected rate of return on assets and attrition rates (disclosed in Note 51).

3.2.4 Income taxes

Significant judgements are involved in estimating budgeted profits for the calculation of advance tax and deferred tax, and determining provision for income taxes and uncertain tax positions (disclosed in Note 53).

3.2.5 Property, Plant and Equipment and Other Intangible Assets

The useful lives and residual values of Group's assets are determined by the management at the time the asset is acquired. These estimates are reviewed annually by the management. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technical or commercial obsolescence arising from changes or improvements in production or from a change in market demand of the product or service output of the asset.

3.2.6 Leases

The Group evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116 'Leases'. Identification of a lease requires significant judgment. The Group uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Group makes an assessment on the expected lease term on a lease-by-lease basis and there by assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Group considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

3.2.7 Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 23rd March 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below.

Ind AS 16 – Property Plant and equipment - The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognized in the Consolidated Statement of Profit and Loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after 1st April 2022. The Group is evaluating the amendment and its impact on financial statements.

Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets – The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labor, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after 1st April 2022, although early adoption is permitted. The Group is evaluating the amendment and its impact on financial statements.

Goodwill, Copyrights and Trademark

Goodwill, copyrights and trademark in the books of the Group pertains mainly to Consumer and Bazaar business (majorly consists of Consumer and Bazaar business of Parent). At the end of each reporting period, the Group reviews carrying amount of goodwill, copyrights and trademark to determine whether there is any indication that goodwill, copyrights and trademark has suffered any impairment loss. Accordingly, recoverable amount of goodwill, copyrights and trademark is arrived basis projected cashflows from Consumer and Bazaar business. Recoverable amount of goodwill, copyrights and trademark exceeds the carrying amount of goodwill, copyrights and trademark in the books as on 31st March 2022. Further there are no external indications of impairment of goodwill, copyrights and trademark. As a result, no impairment loss on goodwill, copyrights and trademark is required to be recognised.

Projected cashflows from Consumer and Bazaar business (relates to Parent which represents significant portion of goodwill)

The recoverable amount of this cash-generating unit is determined based on a value in use calculation which uses cash flow projections based on financial budgets approved by the management for next year, estimates prepared for the next 4 years thereafter and a discount rate of **12.0%** per annum (11.7% per annum as at 31st March 2021).

Cash flow projections during the budget period are based on the same expected gross margins and raw materials price inflation throughout the budget period. The cash flows beyond that five-year period have been extrapolated using a steady **7%** per annum (7% per annum as at 31st March 2021) growth rate. The management believes that any reasonably possible change in the key assumptions on which recoverable amount is based would not cause the aggregate carrying amount to exceed the aggregate recoverable amount of the cash-generating unit.

The key assumptions used in the value in use calculations for Consumer and Bazaar cash-generating unit are as follows:

Budgeted sales growth	Sales growth is assumed at 12.3% (CAGR) (10.8% as at 31 st March 2021) in line with current year projections. The values assigned to the assumption reflect past experience and current market scenario considering COVID-19 impact and are consistent with the managements' plans for focusing operations in these markets. The management believes that the planned sales growth per year for the next five years is reasonably achievable.
Raw materials price inflation	Forecast for Material cost growth CAGR higher by 0.2% (0.2% as at 31 st March 2021) vs. sales growth, considering impact of commodity cost inflation.
Other budgeted costs	Commercial spends (Schemes and A&SP) have been continued at current year's % to sales. Other fixed costs are in line with the current year's growth.

** In the year 2018, Group had invested in convertible promissory note which contains an embedded derivative in the form of an equity conversion option upon qualifying conditions. Group had elected the option to measure the hybrid instrument at fair value in its entirety with changes in fair value recognized in Profit and Loss. During the year, Group converted the convertible promissory note amounting to ₹ 3.68 crores and the outstanding accrued interest thereon amounting to ₹ 0.87 crores into preferred stock.

*** The Group invested in convertible promissory note of Optmed Inc., the conversion of which is subject to various covenants and an option to convert at the sole discretion of the Group upon certain future event. Management has considered and valued this investment as a 'debt instrument' and believes that the valuation of the option can be done only after the occurrence of the specific future event. During the year ended 31st March 2021, Group has recognised impairment amounting to ₹ 3.62 crores (refer Note 41).

Figures in brackets () represents previous year

The Group has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward-looking information. The expected credit loss allowance is based on the ageing of the receivables days and the rates vary with the business of Parent and each Subsidiary.

Trade receivables includes receivables from Companies / firms where directors are directors / members / partners (refer Note 47).

TOTAL	99.77	88.53

A formal credit policy has been framed and credit facilities are given to dealers within framework of credit policy. As per credit risk management mechanism, a policy for doubtful debt has been formulated and risk exposure related to receivable are identified based on criteria mentioned in policy and provided for credit loss allowance.

* The Group disaggregated revenues from contracts with customers by customer type and by geography. The Group believes that this disaggregation best depicts how the nature, amount, timing and uncertainty of its revenues and cash flows are affected by industry, market and other economic factors. For geographywise and customerwise breakup of revenue, refer Note 48.

Further, the Group derives its revenue from the transfer of goods at a point in time for its major service lines. This is consistent with the revenue information that is disclosed for each reportable segment under Ind AS 108 'Operating Segment'.

Reconciliation of revenue recognised with the contracted price is as follows:

- 45 (a) During the financial year 2015-16, pursuant to a Business Transfer Agreement (BTA) entered into by the company with Nina Concrete Systems Private Limited (NCSPL), the company acquired the waterproofing Business (the "Business"), including all its assumed assets and assumed liabilities, of NCSPL, a private limited company based in India (the "Seller"), as a going concern and on a slump sale basis for a lump-sum consideration, with effect from 17th April 2015.
- The terms and conditions of the BTA included a total purchase consideration of Rs 82.02 crores, out of which ₹ 78.81 crores was settled by the Company to the Seller as of 31st March 2022. A balance amount of ₹ 3.22 crores including Holdback Amount is payable by the Company to the Seller after settlement of the unrealised Net Working Capital.
- An amount of the identified Net Working Capital, i.e. Receivables, Inventories, Retention Monies receivables, etc which was not fully realised by 15th April 2020, was to be deducted by the Company from the Holdback amount and the balance was to be paid to the seller or recovered from the seller. The settlement of which was to be completed by 31st October 2020, post verification of books of account.
- Due to pandemic, the verification of books by Independent Audit firm got delayed. The report is now submitted by the Independent auditors and is under discussion. The same will be finalised in the Financial Year 2022-23.
- 45 (b) During the financial year 2017-18, 70% shareholding in CIPY Polyurethane Pvt Ltd (CIPY) was acquired by entering into a share purchase agreement for cash consideration of ₹ 96.40 crores.
- Pursuant to share purchase agreement, the Company had an option to purchase and the seller has an option to sell balance 30% of equity share capital of CIPY on or after expiry of 3 years from acquisition date. Accordingly, a gross liability towards acquisition (refer Note 28) has been recognised in the Consolidated Financial Statement in the previous year. During previous year, seller has exercised the option to sell the balance 30% stake on 6th January 2021. Consequent to this, CIPY is wholly owned Subsidiary of the Company. Accordingly Minority interest has been reversed into retained earnings. Balance liability towards acquisition (refer Note 28) will be paid once the pre-conditions mentioned in the agreement are met.

49 Employee Stock Option Scheme**a) Details of Employee Share Options**

In the Annual General Meeting of the Company held on 24th July 2012, the shareholders approved the issue of 50,76,486 equity shares under the Scheme titled "Employee Stock Option Scheme 2012" (ESOS 2012). The Board approved Employees Stock Option Scheme covering 3,00,000 Stock options, in terms of the regulations of the Securities and Exchange Board of India. The ESOS 2012 allows the issue of options to Eligible employees of the Company. Each option comprises one underlying equity share. The exercise price of each option shall be ₹ 1/- per equity share. The options vest in the manner as specified in ESOS 2012. Options may be exercised within 5 years from the date of vesting.

ESOP 2016 covering grant of 45,00,000 options (including 2,50,000 Options to be granted to Eligible Employees / Directors of the subsidiary Companies) was approved by the shareholders through Postal Ballot on 2nd April 2016. Each option comprises one underlying equity share. The exercise price shall be ₹ 1/- per option or such other higher price as may be fixed by the Board or Committee. Options to be granted under the Plan shall vest not earlier than one year but not later than a maximum of six years from the date of grant of such options. In the case of Eligible Employee who has not completed 3 years of employment as on date of the grant of Options then the Options which are due for vesting before completion of 3 years as above, shall vest as on the completion of 3 years of employment in the Company by the Employee concerned or as may be approved by the Nomination and Remuneration Committee. Vested Options will have to be exercised within 3 years from the date of respective vesting.

(C) Financial risk management objectives

The Group's Treasury function provide services to the business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations of the Group through internal risk reports which analyse exposures by degree and magnitude of risks. These risks include market risk, credit risk and liquidity risk. The Group undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. Exchange rate exposures are managed within approved policy parameters utilising foreign exchange forward contracts. Compliance with policies and exposure limits is a part of Internal Financial Controls. The Group does not enter into or trade in financial instruments, including derivative financial instruments, for speculative purposes.

(D) Market risk

The Group's activities expose it primarily to the financial risk of changes in foreign currency exchange rates (see Note E below). The Group enters into foreign exchange forward contracts to manage its exposure to foreign currency risk of net imports.

(E) Foreign currency risk management

The carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows.

	Foreign Currency Exposure (in FC)		Foreign Currency Exposure (₹ in crores)

(i) Foreign currency sensitivity analysis

The Group is mainly exposed to the USD, EUR and GBP. The following table demonstrates the sensitivity to a 2% increase or decrease in the USD, EUR and GBP against INR with all other variables held constant. The sensitivity analysis is prepared on the net unhedged exposure of the Group as at the reporting date. 2% represents management assessment of reasonably possible changes in foreign exchange rates.

	For the year ended 31 st March 2022	For the year ended 31 st March 2021
Impact on profit or loss for the year (c)	(0.34)	(0.20)

- (a) This is mainly attributable to the exposure of outstanding USD receivables and payables at the end of the reporting period.
- (b) This is mainly attributable to the exposure of outstanding EUR receivables and payables at the end of the reporting period.
- (c) This is mainly attributable to the exposure of outstanding GBP receivables and payables at the end of the reporting period.

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

(ii) Foreign exchange forward contracts

It is the policy of the Group to enter into foreign exchange forward contracts to cover foreign currency payments (net of receipts) in USD, EUR, GBP and AUD. The Group enters in to contracts with terms upto 90 days. The Group's philosophy does not permit any speculative calls on the currency. It is driven by conservatism which guides that we follow conventional wisdom by use of Forward contracts in respect of Trade transactions.

Regulatory Requirements: The Group will alter its hedge strategy in relation to the prevailing regulatory framework and guidelines that may be issued by RBI, FEDAI or ISDA or other regulatory bodies from time to time.

Mode of taking Cover: Based on the outstanding details of import payable and exports receivable (in weekly baskets) the net trade import exposure is arrived at (i.e. Imports – Exports = Net trade exposures). The Net trade import exposure arrived at is netted off with the outstanding forward cover as on date and with the surplus foreign currency balance available in EEFC A/Cs. Forward cover is obtained from bank for each of the aggregated exposures and the Trade deal is booked. The forward cover deals are all backed by actual trade underlines and settlement of these contracts on maturity are by actual delivery of the hedged currency for settling the underline hedged trade transaction.

The following table details the foreign exchange forward contracts outstanding at the end of the reporting period :

Outstanding contracts	Average exchange rates (₹)		Foreign Currency (Amount)	
	31 st March 2022	31 st March 2021	31 st March 2022	31 st March 2021
USD - Buy	76.07	74.45	3,23,26,444.10	1,49,40,376.00

USD - Buy	246.06	110.34	(0.16)	(0.48)

The line-items in the balance sheet that include the above hedging instruments are "Other financial assets" of ₹ 0.44 crores (₹ 0.18 crores as at 31st March 2021) and "Other financial liabilities" ₹ 0.67 crores (₹ 0.66 crores as at 31st March 2021) (refer Note 14 and 28 respectively).

At 31st March 2022, the aggregate amount of gain under foreign exchange forward contracts recognised in the Consolidated Statement of Profit and Loss is ₹ 0.14 crores (loss of ₹ 2.30 crores as at 31st March 2021).

(F) Credit risk management

Credit risk refers to risk that a counterparty will default on its contractual obligations resulting in financial loss to the Group. Credit risk arises primarily from financial assets such as trade receivables, investment in mutual funds, derivative financial instruments, other balances with banks, loans and other receivables.

The Group has adopted a policy of only dealing with counterparties that have sufficiently high credit rating. The Group's exposure and credit ratings of its counterparties are continuously monitored and the aggregate value of transactions is reasonably spread amongst the counterparties.

Credit risk arising from investment in mutual funds, derivative financial instruments and other balances with banks is limited and there is no collateral held against these because the counterparties are banks and recognised financial institutions with high credit ratings assigned by the international credit rating agencies.

(G) Liquidity risk management

Liquidity risk is the risk that the Group will encounter difficulty in raising funds to meet commitments associated with financial instruments that are settled by delivering cash or another financial asset. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value.

The Group has an established liquidity risk management framework for managing its short term, medium term and long term funding and liquidity management requirements. The Group's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Group manages the liquidity risk by maintaining adequate funds in cash and cash equivalents. The Group also has adequate credit facilities agreed with banks to ensure that there is sufficient cash to meet all its normal operating commitments in a timely and cost-effective manner.

(i) Liquidity risk tables

The following tables detail the Group's remaining contractual maturity for its derivative and non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group will be liable to pay.

The tables include both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period.

(H) Fair value measurements

This note provides information about how the Group determines fair values of various financial assets and financial liabilities.

(i) Fair value of the Group's financial assets and financial liabilities that are measured at fair value on a recurring basis.

Some of the Group's financial assets and financial liabilities are measured at fair value at the end of each reporting period. The following table gives information about how the fair values of these financial assets and financial liabilities are determined (in particular, the valuation technique(s) and inputs used).

Financial Assets / Financial Liabilities	Fair value		Fair value hierarchy	Valuation Technique(s) and key input(s)
	As at 31 st March 2022	As at 31 st March 2021		
1 Investment in Mutual Funds, Preference Shares, Debentures and Bonds	Various listed funds - aggregate fair value of ₹ 217.84 crores	Various listed funds - aggregate fair value of ₹ 339.64 crores	Level 1	Quoted bid prices in active market
2 Derivative assets & liabilities towards foreign currency forward contracts and Alternative Investment Fund	Assets - ₹ 0.44 crores Liabilities - ₹ 0.67 crores Investment funds - aggregate fair value of ₹ 11.64 crores	Assets - ₹ 0.18 crores Liabilities - ₹ 0.66 crores Investment funds - aggregate fair value of ₹ 3.49 crores	Level 2	Mark to market values acquired from banks/ financial institution, with whom the Group contracts.
3 Investment in Equity and Preference Shares	Aggregate fair value of ₹ 166.32 crores	Aggregate fair value of ₹ 139.13 crores	Level 3	Fair value is derived considering recent financial rounds of investment
4 Investment in Promissory Notes and Debentures	Aggregate fair value of ₹ 1.50 crores	Aggregate fair value of ₹ 3.68 crores	Level 3	Fair value is derived considering recent financial rounds of investment

(ii) Financial instruments measured at amortised cost

The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the Group does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

51 Employee Benefits

The Group has classified various employee benefits as under :

(A) Defined Contribution Plans

- (a) Provident Fund
- (b) Superannuation Fund
- (c) State Defined Contribution Plans
 - Employers' Contribution to Employees' State Insurance
 - Employers' Contribution to Employees' Pension Scheme 1995
 - Labour Welfare Fund
- (d) National Pension Scheme

The Provident Fund and the State Defined Contribution Plans are operated by the Regional Provident Fund Commissioner, the Superannuation Fund is administered by the LIC of India and National Pension Fund is administered by Pension Fund Regulatory and Development Authority (PFRDA), as applicable, for all eligible employees. Under the schemes, the Group is required to contribute a specified percentage of payroll cost to the retirement benefit schemes to fund the benefits. These funds are recognised by the Income Tax Authorities.

The Group has recognised the following amounts in the Consolidated Statement of Profit and Loss:

	(₹ in crores)	
	For the year ended 31 st March 2022	For the year ended 31 st March 2021
(i) Contribution to Provident Fund	36.11	21.94
(ii) Contribution to Employees' Superannuation Fund	0.80	0.86
(iii) Contribution to Employees' State Insurance Scheme & Labour Welfare Fund	0.29	0.29
(iv) Contribution to Employees' Pension Scheme 1995	9.91	9.49
(v) Contribution to National Pension Scheme	4.77	3.61

(B) Defined Benefit Plans		
Gratuity		
(C) Other Long-Term Benefits		
(a) Compensated Absences		
(b) Anniversary Awards		
(c) Premature Death Pension Scheme		
(d) Total Disability Pension Scheme		

Valuations in respect of above have been carried out by independent actuary, as at the balance sheet date, based on the following assumptions:

	Valuations as at	
	31 st March 2022	31 st March 2021
(i) Discount Rate (per annum)	6.25% - 14.97%	6.06% - 7.23%
(ii) Rate of increase in Compensation levels (per annum)	6.5% - 10%	4% - 10%
(iii) Expected Rate of Return on Assets	6.91% - 14.97%	6.06% - 7.23%
(iv) Attrition Rate	1% - 26%	1% - 20%
(v) Retirement Age	60 years	60 years
(vi) The expected rate of return on plan assets is determined after considering several applicable factors such as the composition of the plan assets, investment strategy, market scenario, etc. In order to protect the capital and optimise returns within acceptable risk parameters, the plan assets are well diversified.		
(vii) The discount rate is based on the prevailing market yields of Government of India securities as at the balance sheet date for the estimated term of the obligations.		
(viii) The estimate of future salary increases considered, takes into account the inflation, seniority, promotion, increments and other relevant factors.		

Note on other risks:

- Investment Risk** - The funds are invested by LIC and they provide returns basis the prevalent bond yields, LIC on an annual basis requests for contributions to the fund, while the contribution requested may not be on the same interest rate as the bond yields provided, basis the past experience it is low risk.
- Interest Risk** - LIC does not provide market value of assets, rather maintains a running statement with interest rates declared annually - The fall in interest rate is not therefore offset by increase in value of Bonds, hence may pose a risk.
- Longevity Risk** - Since the gratuity payment happens at the retirement age of 58-60, longevity impact is very low at this age, hence this is a non-risk.
- Salary Risk** - The liability is calculated taking into account the salary increases, basis past experience of the Group's actual salary increases with the assumptions used, they are in line, hence this risk is low risk.

Note A Tenax Pidilite India Pvt Ltd

The business acquisition was conducted by entering into a share purchase agreement for cash consideration of ₹ 84.66 crores. This acquisition will help the Group's presence in the fast growing adhesives, coatings and surface treatment chemical market for the marble and stone industry.

The gross contractual amounts and the fair value of trade and other receivables acquired is ₹ 6.60 crores. None of the trade and other receivables are credit impaired and it is expected that the full contractual amounts will be recoverable.

The transaction cost of ₹ 1.50 crores had been expensed in the Consolidated Statement of Profit and Loss for the year ended 31st March 2021.

After acquisition, assets and liabilities are fair valued and certain intangible assets are identified and fair valued based on purchase price allocation report obtained from external valuer. Goodwill on acquisition was ₹ 59.21 crores. The Goodwill on acquisition can be attributable to Tenax Pidilite India Pvt Ltd skilled employees, expected synergies from acquisition and other intangible assets that can not be identified separately.

For the period 29th May 2020 to 31st March 2021, Tenax Pidilite India Pvt Ltd contributed revenue from operations of ₹ 18.08 crores and ₹ 3.45 crores to the Group's results. If the acquisition had occurred on 1st April 2020, consolidated revenue from operations would have been higher by ₹ 6.32 crores and consolidated profit would have been higher by ₹ 0.29 crores for the year ended 31st March 2021. In determining these amounts, it is assumed that the fair value adjustments, that arose on date of acquisition would have been same if the acquisition had occurred on 1st April 2020.

Note B Pidilite Adhesives Pvt Ltd

The business acquisition was conducted by entering into a share purchase agreement for cash consideration of ₹ 2,196.46 crores. This acquisition will add to the already very strong portfolio held by the Group of adhesive and sealant brands and complement it's retail portfolio.

The gross contractual amounts and the fair value of trade and other receivables acquired is ₹ 38.84 crores. None of the trade and other receivables are credit impaired and it is expected that the full contractual amounts will be recoverable.

The transaction cost of ₹ 8.70 crores has been expensed in the Consolidated Statement of Profit and Loss for the year ended 31st March 2021.

After acquisition, assets and liabilities are fair valued and certain intangible assets are identified and fair valued based on purchase price allocation report obtained from external valuer. Goodwill on acquisition was ₹ 1,040.89 crores. The Goodwill on acquisition can be attributable to Pidilite Adhesives Pvt Ltd skilled employees, expected synergies from acquisition and other intangible assets that can not be identified separately.

For the period 4th November 2020 to 31st March 2021, Pidilite Adhesives Private Limited contributed revenue from operations of ₹ 168.32 crores and ₹ 44.57 crores to the Group's results. If the acquisition had occurred on 1st April 2020, consolidated revenue from operations would have been higher by ₹ 124.59 crores and consolidated profit would have been higher by ₹ 26.90 crores for the year ended 31st March 2021. In determining these amounts, it is assumed that the fair value adjustments, that arose on date of acquisition would have been same if the acquisition had occurred on 1st April 2020.

13. A. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are required to submit their PAN as well as bank details to their Depository Participants and Members holding shares in physical form shall submit their PAN as well as bank details to the Company/ TSR Consultants Private Limited (Formerly known as TSR Darashaw Consultants Private Limited), the Company's Registrar & Share Transfer Agents (Company's R & T Agents).
B. As per Regulation 40 of the SEBI Listing Regulations and SEBI Circular no. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022/8 dated 25th January 2022, as amended, securities of listed companies can be transferred only in dematerialized form, in view of this and to eliminate all risks associated with physical shares and for ease of portfolio management, members holding shares in physical form are requested to consider converting their holdings to dematerialized form. Members can contact the Company or Company's R & T Agents for assistance in this regard.
C. SEBI vide its Circular no. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022/8 dated 25th January 2022 has mandated the listed companies to issue securities in dematerialized form only while processing certain prescribed service requests. Accordingly, the members are requested to make service request by submitting a duly filled and signed Form No. ISR-4, the format of which is available on the Company's website at www.pidilite.com and on the website of Company's R & T Agents at www.tcplindia.co.in. Members are requested to note that any service request would only be processed after the folio is KYC compliant.
14. The Members are requested to inform of changes, if any, pertaining to their name, postal address, email address, telephone/mobile numbers, PAN, mandates, nominations, power of attorney, bank details such as name of the bank and branch details, bank account number, MICR code, IFSC, etc., immediately to:
 - (i) Company's R & T Agents in prescribed Form No. ISR-1 and other forms pursuant to SEBI Circular No. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2021/655 dated 3rd November 2021 in case of shares held in Physical Form; or

(ii) Depository Participants (DP) in case of shares held in Electronic Form.

15. To prevent fraudulent transactions, Members are advised to exercise due diligence and notify the Company of any change in address or demise of any member as soon as possible. Periodic statement of holdings should be obtained from the concerned DP and holdings should be verified.
16. Members can avail nomination facility in terms of extant legal provisions. In this regard, on request, the necessary Form SH-13 can be obtained from the Company's R & T Agents. If a Member desires to opt out or cancel the earlier nomination and record a fresh nomination, he/she may submit the same in Form No. ISR-3 or Form No. SH-14, as the case may be. The said forms are also available on the website of the Company at www.pidilite.com.
17. To support the 'Green Initiative', Members who have not yet registered their email addresses are requested to register the same with their DPs in case the shares are held by them in electronic form and with Company's R & T Agents in case the shares are held by them in physical form.
18. Shareholders may note that the Income Tax Act, 1961, as amended by the Finance Act, 2020, mandates that dividends paid or distributed by a Company after 1st April 2020 shall be taxable in the hands of the shareholders. The Company shall therefore be required to deduct Tax at Source ("TDS") at the time of making the final dividend. In order to enable us to determine the appropriate TDS rate as applicable, Members are requested to submit the documents in accordance with the provisions of the Income Tax Act, 1961.
 - A) For Resident Shareholders, TDS shall be made under Section 194 of the Income Tax Act, 1961 at 10% (Ten percent) on the amount of Dividend declared and paid by the Company during financial year 2022-23 provided PAN is registered by the Shareholder. If PAN is not registered or PAN is not linked with Aadhaar or specified person under Section 206AB of the Income Tax Act, 1961, TDS would be deducted @ 20% (Twenty percent). However, no tax shall be deducted on the Dividend payable to a resident Individual if the total dividend to be received by them during financial year 2022-23 does not exceed ₹ 5,000/-. In cases where the shareholder furnishes Form 15G (applicable to any person other than a Company or a Firm or HUF/Form 15H (applicable to an Individual above the age of 60 years)/Nil/lower TDS certificate issued by the Income-tax department, no TDS shall be deducted provided that the eligibility conditions are being met.
 - B) For Non-resident Shareholders, taxes are required to be withheld in accordance with the provisions of Section 195 of the Income Tax Act, 1961 at the rates in force. As per the relevant provisions of the Income Tax Act, 1961, the withholding tax shall be at the rate of 20% (Twenty percent) (plus applicable surcharge and education cess) on the amount of Dividend payable to them. However, as per Section 90 of the Income Tax Act, 1961, the non-resident shareholder has the option to be governed by the provisions of the Double Tax Avoidance Agreement (DTAA) between India and the country of tax residence of the shareholder, if they are more beneficial to them. For this purpose, i.e. to avail

the Tax Treaty benefits, the non-resident shareholder will have to provide the following:

- Copy of Tax Residency Certificate (TRC) obtained from the tax authorities of the country of which the Shareholder is resident.
- Self declaration in Form 10F if all the details required in this form are not mentioned in the TRC.
- Self-attested copy of the PAN Card allotted by the Indian Income Tax authorities.
- Self-Declaration certifying the following points:
 - i. Member is and will continue to remain a tax resident of the country of its residence during the financial year 2022-23;
 - ii. Member is eligible to claim the beneficial DTAA rate for the purposes of tax withholding on dividend declared by the Company;
 - iii. Member has no reason to believe that its claim for the benefits of the DTAA is impaired in any manner;
 - iv. Member is the ultimate beneficial owner of its shareholding in the Company and Dividend receivable from the Company; and
 - v. Member does not have a taxable presence or a permanent establishment in India during the financial year 2022-23.

As per Finance Act, 2021, Section 206AB has been inserted effective 1st July 2021, wherein higher rate of tax (20%) would be applicable on payment made to a shareholder who is classified as 'Specified Person' as defined under the provisions of the aforesaid Section. However, in case a non-resident shareholder or a non-resident Foreign Portfolio/Foreign Institutional Investor, higher rate of tax as mentioned in Section 206AB shall not apply if such non-resident does not have a permanent establishment in India.

- C) Please note that the Company is not obligated to apply the beneficial DTAA rates at the time of tax deduction/ withholding on dividend amounts. Application of beneficial DTAA rate shall depend upon the completeness and satisfactory review by the Company of the documents submitted by Non-Resident shareholder.
- D) Accordingly, in order to enable us to determine the appropriate TDS/withholding tax rate applicable, we request you to provide these details and documents as mentioned above before 25th July 2022.
- E) Kindly note that the aforementioned documents are required to be submitted at <https://tcpl.linkintime.co.in/formsreg/submission-of-form-15g-15h.html> on or before 25th July 2022 in order to enable the Company to determine and deduct appropriate TDS/withholding tax rate. No communication on the tax determination/ deduction shall be entertained post 25th July 2022. It may be further noted that in case the tax on said dividend is deducted at a higher rate in absence of receipt of the aforementioned details/ documents from you, there would still be an option available with you to file the return of income and claim an appropriate refund, if eligible.

- F) The soft copy of TDS certificate can be emailed to you at your registered e-mail ID in accordance with the provisions of the Income Tax Act, 1961 after filing of the quarterly TDS Returns of the Company, post payment of the said Dividend.
- G) Separate email communication is being sent to the shareholders informing the said change in Income Tax Act, 1961 as well as relevant procedure to be adopted by the shareholders for availing the applicable tax rate.
19. A. Pursuant to Section 205A of the Companies Act, 1956 all unclaimed /unpaid dividend up to the financial year ended 31st March 1994 have been transferred to the General Revenue Account of the Central Government. Those Members who have so far not claimed their dividends for the said periods may claim the same by submitting an application in the prescribed form to the Registrar of Companies, Maharashtra.
- B. The Company has transferred unclaimed/unpaid dividend (including the Interim Dividend declared during the Financial Year 2001-2002) in respect of Financial Years ended 31st March 1995 to 31st March 2014 to the Investor Education and Protection Fund (IEPF).
- C. Sections 124 and 125 of the Act read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ('IEPF Rules'), both of which were made applicable with effect from 7th September 2016, also contain similar provisions for transfer of such amounts to IEPF. Accordingly, all unclaimed/unpaid dividend, as well as the principal redemption amount of preference shares, as applicable, remaining unclaimed/unpaid for a period of seven years from the date they became due for payment, in relation to the Company, have been transferred to the IEPF established by the Central Government. No claim shall be entertained against the Company for the amounts so transferred.
- D. As per Section 124(6) of the Act read with the IEPF Rules as amended, all the shares in respect of which dividend has remained unpaid/unclaimed for seven consecutive years or more as referred to in the said section read with the relevant Rules, have been transferred to the IEPF Demat Account.
- E. The Company has sent notice to all the Members whose dividends for the financial year ending 31st March 2015 are lying unpaid/unclaimed against their name. Members are requested to claim the same. As mentioned in the said notice, in case the dividends are not claimed by 31st July 2022, necessary steps will be initiated by the Company to transfer the shares and dividend held by the concerned Members to IEPF, without further notice. Please note that no claim shall lie against the Company in respect of the shares so transferred to IEPF.
- F. In the event of transfer of shares and the unclaimed dividends to IEPF, Members are entitled to claim the same from IEPF by submitting an online application in the prescribed Form IEPF-5 available on the website www.iepf.gov.in and sending a physical copy of the same duly signed to the Company along with the requisite documents enumerated in the Form IEPF-5.

- G. The Company has uploaded the details of unpaid and unclaimed amounts lying with the Company as on 11th August 2021 (date of last AGM) on the website of the Company (www.pidilite.com) and also on the Ministry of Corporate Affairs website.
- Members who have not yet encashed their Dividend Warrants for the years ended 31st March 2015 to 31st March 2021 are requested to contact the R & T Agents, M/s. TSR Consultants Pvt. Ltd. (Formerly known as TSR Darashaw Consultants Pvt. Ltd.), Unit: Pidilite Industries Limited, C-101, 1st Floor, 247 Park, Lal Bahadur Shastri Marg, Vikhroli (West), Mumbai-400 083.
20. In March 2008, some of the members of Vinyl Chemicals (India) Limited (VCIL) were allotted 6% Secured Redeemable Preference Shares of ₹ 10/- each (Preference Shares) by the Company pursuant to the Scheme of Demerger of VAM Manufacturing Unit of VCIL into the Company. The said Preference Shares were redeemed on 5th September 2008 and the Company had despatched Preference Dividend-cum-Redemption Warrants to all Preference Shareholders without surrender of the Preference Share Certificates. The unclaimed preference shares redemption amount and the dividend pertaining to the same have been transferred to IEPF and hence no claim shall lie in respect thereof against the Company.
